

Terms of Service

Oracle Insights Ltd · Registered in England and Wales · Last updated: 29 August 2026

1. Who we are and what these terms cover

These Terms of Service ("Terms") govern your access to and use of the products and services sold or provided by Oracle Insights Ltd ("Oracle Insights", "we", "us", "our") through the Whop platform and our associated communities, including: the Oracle+ / Premium membership; our TradingView indicators and toolkits (including the [Oracle+] Suite, QT Toolkit, tCISD and related tools); our software products; our educational content, guides, live sessions and recordings; and our Discord community (together, the "Services").

By purchasing, subscribing to, accessing or using any of the Services, you agree to be bound by these Terms. If you do not agree, do not purchase or use the Services.

2. Educational purpose — no financial advice

Everything we provide is for educational and informational purposes only. Nothing in the Services constitutes financial, investment, legal or tax advice, a personal recommendation, or an invitation or inducement to engage in any investment activity.

Oracle Insights Ltd is not authorised or regulated by the Financial Conduct Authority or any other financial regulator, and does not provide regulated financial services. We do not manage money, take deposits, execute trades on your behalf, or provide trade signals intended as instructions to trade.

Trading foreign exchange, futures, CFDs and other leveraged products carries a high level of risk and is not suitable for everyone. You can lose more than your initial outlay. Any trading decision you make is yours alone, made at your own risk. Past performance — including any results shown in our content, live sessions or testimonials — is not a reliable indicator of future results. Where results relate to prop-firm or evaluation accounts, those are simulated environments and do not reflect real-money trading.

You should consider your own circumstances and, where appropriate, seek advice from an independent, authorised financial adviser before trading.

3. Eligibility

You must be at least 18 years old to purchase or use the Services. By using the Services you confirm that you are 18 or over and have the legal capacity to enter into these Terms. The Services are not available where their provision would be contrary to local law; you are responsible for ensuring your use is lawful where you live.

4. Accounts, memberships and free trials

Purchases and subscriptions are processed through Whop and, for indicator delivery, through TradingView. You are responsible for maintaining accurate account details on those platforms and for keeping your login credentials secure. Access to member areas of our Discord requires a Discord account and completion of the role-claim steps we provide.

Where a free trial is offered (for example the 3-day Premium trial), the trial converts automatically into a paid subscription at the advertised price unless you cancel before the trial ends. You can cancel at any time through your Whop account.

Subscriptions renew automatically at the end of each billing period until cancelled. Cancelling stops future renewals; you keep access until the end of the period you have paid for. Refunds are governed by our Return & Refund Policy.

5. Licence to use our content

All content we provide — courses, guides (including the Quarterly Theory guide), PDFs, videos, live-session recordings, indicators, code, frameworks, terminology and branding — is owned by or licensed to us and is protected by intellectual-property law.

We grant you a personal, non-exclusive, non-transferable, revocable licence to access and use the Services for your own personal, non-commercial education while your purchase or subscription remains valid. You must not: share, resell, sub-license, publish, leak or redistribute any paid content or indicator access; share your account or Discord access with others; copy or reproduce substantial parts of our materials; use our content to build a competing product or service; or remove any proprietary notices. Use of our software and indicators is additionally governed by our End User Licence Agreement (EULA).

We may suspend or terminate access, without refund, where content is leaked, shared or misused in breach of this section.

6. Community rules

Our Discord and other community spaces are provided for members to learn and share. We may set and enforce community rules, and may mute, suspend or remove any member whose conduct is, in our reasonable view, abusive, unlawful, spammy, harmful to other members, or damaging to the community — permanently for serious or repeated breaches. Sharing of pirated content, financial promotions, or solicitation of other members is prohibited.

7. Third-party platforms and services

The Services rely on third-party platforms including Whop (payments and access management), Discord (community), TradingView (indicator delivery) and prop-trading firms we may reference or partner with. Those platforms have their own terms and privacy policies, which you accept by using them. We are not responsible for the acts, omissions, availability or policies of third-party platforms, or for prop-firm programmes, their rules, or their payment of rewards.

Where we share affiliate links or discount codes, we may receive a commission. This does not affect the price you pay. Any firm we mention is not thereby endorsed; do your own research before purchasing from any third party.

8. Giveaways

Free giveaways (for example funded-account giveaways) are promotional, require no purchase unless stated, and are subject to the specific rules published with each giveaway. Prizes are provided by us or by partner firms and may be subject to the partner's own terms. Giveaways are void where prohibited by law.

9. Prices and payment

Prices are as displayed at checkout on Whop at the time of purchase and may change for future billing periods with notice. Taxes may be added where required. Failed payments may result in suspension of access until payment is made. Initiating a chargeback while continuing to use the Services, or in respect of content already delivered, is a breach of these Terms and will result in termination of access.

10. Disclaimers and limitation of liability

The Services are provided "as is" and "as available". While we work hard to keep them accurate and running, we do not guarantee that content is error-free, that indicators will be free of bugs or interruptions, or that the Services will be uninterrupted.

Nothing in these Terms excludes or limits our liability for death or personal injury caused by our negligence, for fraud or fraudulent misrepresentation, or for any other liability that cannot be excluded by law. Subject to that: we are not liable for any trading or investment losses, loss of profit, loss of data, or any indirect or consequential loss arising from your use of the Services; and our total aggregate liability to you in connection with the Services is limited to the amounts you paid us in the 12 months before the event giving rise to the claim.

If you are a consumer, these Terms do not affect your statutory rights.

11. Termination

You may stop using the Services and cancel any subscription at any time via Whop. We may suspend or terminate your access if you materially breach these Terms (including the licence and community rules), with no refund for the unexpired period in the case of serious breach such as content leaking, account sharing or abusive conduct.

12. Changes to these Terms

We may update these Terms from time to time. The current version will always be available where the Services are sold, with the "last updated" date shown above. Material changes will be notified through the Services (for example via Discord or email). Continued use after changes take effect constitutes acceptance.

13. Governing law

These Terms are governed by the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction, except that if you are a consumer resident elsewhere you may also rely on the mandatory consumer protections, and bring proceedings in the courts, of your country of residence.

14. Contact

Questions about this document can be raised via the Oracle Insights Discord support-ticket system (discord.com/invite/4KnsD9KmNy) or by email at buckotrades@oracleinsights.com.
