What you are buying

These terms cover the English-language ebook “Rescue Dog Owners Making Peaceful Sidewalk Passes Without Punishment.” It is digital content, not a printed book or a subscription. The purchase provides the ebook as a downloadable PDF through the Downloads area of your Whop purchase, together with access to Reader Support for purchase and delivery questions. Personal coaching, veterinary services and individual dog-behavior assessments are not included.

You need an internet connection and your Whop account to obtain the file. Reading the downloaded PDF requires a compatible PDF reader on your device. You may keep a local copy for reading without an internet connection and print it for permitted personal or household use. Your personal-use rights are described in the accompanying Ebook License.

Ordering, price and payment

Review the product, price, currency and applicable taxes shown before submitting your order. The total shown at the final payment step is the amount payable for that order. Payment is a one-time purchase, with no recurring subscription charge under this offer. There are no physical shipping costs. Any separate charges imposed by your own bank or currency provider are outside our control.

Whop provides the platform and payment process. Your ebook supplier remains Pepe Becker. Completing the payment process places your order; the accepted purchase recorded by Whop identifies the product and payment terms for your contract. Keep your order details. Contact us if a charge or order status is unclear rather than placing a duplicate order.

Delivery and access

The ebook is made available digitally following successful purchase through your entitled Whop account. Sign in using the email associated with the purchase, open Calmer Rescue Dog Walks, and select Downloads. If the file is unavailable, incomplete or cannot be opened, contact us with the ebook title and sufficient order details to locate the purchase. Do not send full payment-card details.

Download and keep your own copy. The purchase does not promise perpetual operation of Whop or unlimited future editions. This does not restrict our contractual delivery obligations, any expressly agreed access period, or mandatory rights to conformity and updates that apply by law. Later changes to our page or policies do not retrospectively reduce the rights acquired with your order.

Withdrawal, defects and complaints

Consumers retain their statutory withdrawal right. We do not require early loss of that right for immediate digital delivery; downloading or reading this ebook does not by itself remove it. See the accompanying Withdrawal and Refunds notice, including the German notice and model form.

Your statutory rights if content is not delivered, is defective or does not match the contract remain unaffected. Depending on the legal conditions, these may include proper delivery or correction, price reduction, termination and damages. Contact support@pepebecker.com or use your Whop order's support/refund route. The Whop route is an additional option, not a condition for exercising legal rights.

Educational use and responsibility

The ebook provides general educational guidance. Every dog and walking environment differs; no particular behavior result or timeframe is guaranteed. Use suitable safety precautions and seek qualified veterinary or behavior support when your dog's health, aggression or safety needs individual assessment. This material is not emergency assistance or a replacement for such assessment.

Nothing in these terms excludes or limits liability that cannot lawfully be excluded or limited, including applicable liability for injury, intentional wrongdoing or gross negligence. No clause removes mandatory consumer protection, legal remedies, or access to the courts available under applicable law.
