

CloudForge Kits — Return & Refund Policy

Last updated

September 10, 2026

1. Digital Products

CloudForge Kits sells digital products delivered electronically. Because these are digital downloads, returns are generally not accepted after the product has been accessed or downloaded.

2. Technical Problems

If you cannot access a purchased product because of a technical problem with our delivery system, contact us. We will make reasonable efforts to restore access or resolve the issue.

3. Product Not as Described

If you believe a product is materially different from its description, contact us with details. We may review the situation and, where appropriate, provide a refund or another reasonable resolution.

4. Duplicate Purchases

If you accidentally purchase the same product more than once, contact us promptly so the transaction can be reviewed.

5. Unauthorized Transactions

If you believe a transaction was unauthorized, contact us and, where appropriate, your payment provider.

6. Legal Rights

Nothing in this policy limits mandatory refund, cancellation, withdrawal, or consumer rights that apply under applicable law.
