# RETURN POLICY

*Digital Products and 30-Day Practical Decision Guarantee*

Effective date: 25 September 2026

**HalePath offers a 30-Day Practical Decision Guarantee on eligible digital product purchases. Because our products are delivered digitally, there is no physical item to return. Refund requests are handled under the terms below.**

## 1. Scope of This Policy

This Return Policy applies to eligible HalePath digital products, downloadable resources, guides, templates, programs, and related digital access purchased through Whop or another HalePath-authorized sales channel. It should be read together with the applicable product description, HalePath Terms of Service, and any offer-specific terms shown at checkout.

If a product page states a different refund period or special condition, the terms displayed for that specific offer will apply to the extent they are consistent with applicable law.

## 2. Digital Products Cannot Be Physically Returned

HalePath products are generally delivered electronically. Once access is provided, there is no physical item to ship back. A customer does not need to return, delete, or mail any physical product in order to request a refund under this policy.

If a refund is approved, HalePath may revoke access to the refunded product, files, bonuses, community areas, updates, or other benefits associated with that purchase.

## 3. The 30-Day Practical Decision Guarantee

For eligible purchases, you may request a refund within 30 calendar days of the original purchase date if you are dissatisfied with the product for any reason. The 30-day period begins on the date the transaction is completed, not the date you first download or open the files.

The guarantee is intended to give you a fair opportunity to review and use the system. For the 4-Week Weight Selection & Strength Calibration System, we encourage you to use the PACE method, adjustment tools, and training record during the guarantee period so you can evaluate whether the system is useful for you. This recommendation is not a requirement to submit a refund request.

### What the guarantee covers

- The amount you actually paid for the eligible HalePath product, including a discounted or promotional purchase price.
- The complete purchase or bundle covered by the guarantee. Individual components, bonuses, or downloadable files do not have separate cash refund values unless expressly stated.
- Accessed or downloaded digital content. Downloading or opening the product does not, by itself, cancel the HalePath 30-Day Practical Decision Guarantee.

## 4. How to Request a Refund

To request a refund, contact HalePath within 30 calendar days of your purchase using the HalePath Support Chat in Whop or the seller contact details provided with your order.

Please include enough information for us to identify the purchase, such as:

- the name or email address associated with the purchase;
- the product purchased; and
- the order, receipt, or transaction information if available.

You may tell us why the product did not meet your needs, and feedback is appreciated, but a detailed explanation is not required for an otherwise eligible request.

## 5. Refund Review and Processing

HalePath will review the request against this policy and the terms that applied to the purchase. If approved, HalePath will instruct Whop or the applicable payment provider to process the refund to the original payment method, subject to platform and payment-network procedures.

Processing and bank-posting times are controlled by Whop, financial institutions, card networks, or other payment providers and may vary. HalePath cannot guarantee the exact date on which refunded funds will appear in your account.

After a refund is processed, access to the refunded product and related benefits may be removed.

## 6. Requests Made After 30 Days

Unless required by applicable law or expressly stated otherwise for a particular offer, refund requests submitted more than 30 calendar days after the original purchase date are generally not eligible under the HalePath Practical Decision Guarantee.

We may still review situations involving duplicate billing, a confirmed payment-processing error, failure to provide purchased access that HalePath is unable to resolve, or another circumstance where a refund is required by applicable law, payment-network rules, or the terms of the payment platform.

## 7. Fraud, Abuse, and Misuse

The guarantee is designed for genuine customers evaluating HalePath products. HalePath may deny or contest a refund request where there is reasonable evidence of fraud, abusive refund activity, repeated purchase-and-refund cycling, unauthorized resale or distribution, account manipulation, or other misuse of the guarantee or HalePath intellectual property.

A good-faith refund request will not be denied merely because you accessed, downloaded, or attempted to use the product.

## 8. Payment Errors, Unauthorized Charges, and Chargebacks

If you believe you were charged twice, charged incorrectly, or do not recognize a transaction, contact HalePath Support and/or Whop promptly so the issue can be investigated through the appropriate payment process.

We encourage customers to contact HalePath first when the issue concerns the product or a refund request so we can try to resolve it directly. Nothing in this policy limits any non-waivable right you may have to contact your bank, card issuer, Whop, or another payment provider or to exercise rights available under applicable law or payment-network rules.

## 9. Subscriptions, Renewals, and Future Offers

The current 4-Week Weight Selection & Strength Calibration System is sold as a one-time digital purchase unless the checkout page states otherwise. If HalePath later offers subscriptions, memberships, recurring services, or other products, the cancellation and refund terms displayed for those offers will apply.

Cancelling a future recurring plan, where available, generally stops future renewal charges; it does not automatically create a refund right for charges already completed unless the applicable offer terms or law provide otherwise.

## 10. Statutory Consumer Rights

This policy is intended to provide a contractual refund option in addition to any mandatory consumer rights that may apply to you. Nothing in this policy excludes, restricts, or overrides rights that cannot legally be waived under the laws applicable to your purchase.

Digital-content withdrawal, cancellation, or refund rights may differ by country and may depend on whether immediate digital access was requested or started. Where mandatory law provides greater rights than this policy, those legal rights will prevail.

## 11. Changes to This Policy

HalePath may update this Return Policy from time to time to reflect changes to our products, business operations, payment platforms, or legal requirements. The effective date at the top of the policy shows when the current version took effect.

A policy change will not reduce a refund right that already applied to a completed purchase unless permitted by applicable law. The policy or offer terms in effect when you purchase will generally govern that purchase.

## 12. Contact HalePath

For refund requests or questions about this policy, use the HalePath Support Chat inside Whop or the seller contact details shown on your purchase receipt.

For the fastest assistance, include the product name and enough purchase information for the order to be identified.

**Summary: Eligible HalePath purchases are covered by the 30-Day Practical Decision Guarantee. Submit your request within 30 calendar days through HalePath Support in Whop. Approved refunds are processed back through the original payment channel, and digital access may be revoked after refund.**
