

DOMINATOR[®]

DESIGNED TO PERFORM. BUILT TO LAST.

WORD ON THE STREET

"Amazing company for quality of product and excellent communication. Also shipping is fast and arrives in a nice wooden crate well protected. Really great assembly instructions makes it very easy. Wonderful company!" - Naomi K.

"I have had a Dominator hoop for almost 10 years. I believe it was a first generation hoop with their design. It has been used just about everyday for the last 10 years." - Matthew B.

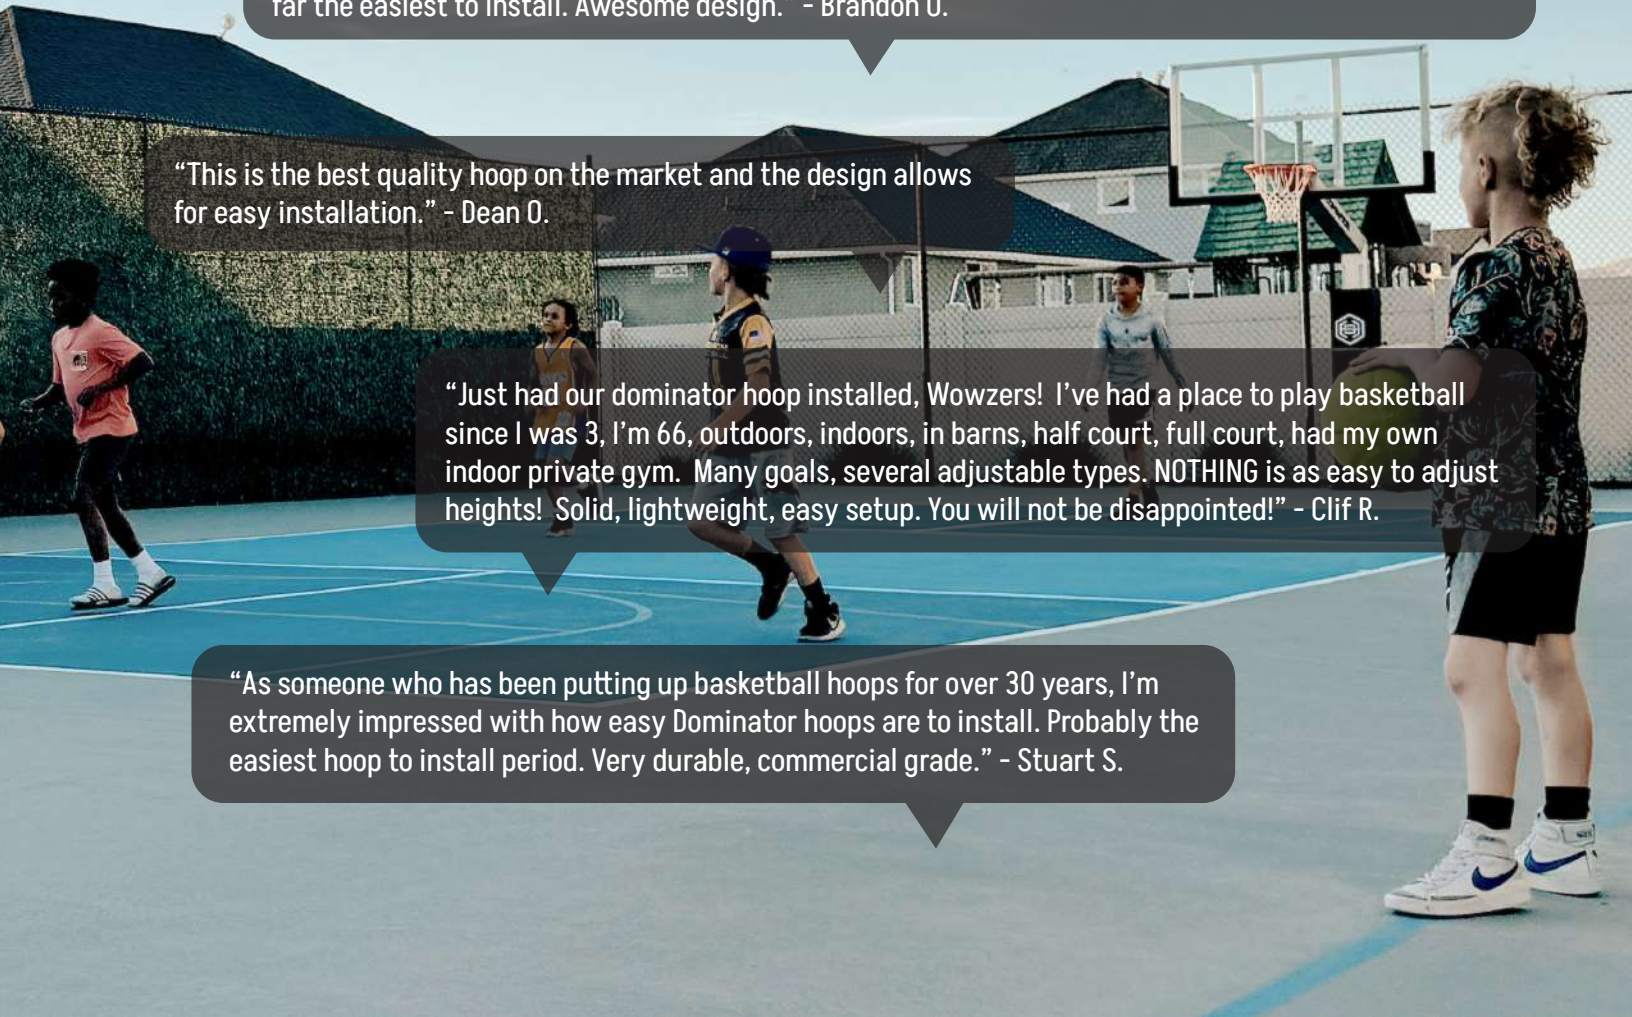

"Absolutely love it! Great engineering for very easy setup." - Martin C.

"We've burned through several in ground hoops over the years. Dominator 72 inch aluminum backboard is the best quality I've ever seen, the easiest to crank up and down, the sturdiest, the lightest, and by far the easiest to install. Awesome design." - Brandon O.

"This is the best quality hoop on the market and the design allows for easy installation." - Dean O.

"Just had our dominator hoop installed, Wowzers! I've had a place to play basketball since I was 3, I'm 66, outdoors, indoors, in barns, half court, full court, had my own indoor private gym. Many goals, several adjustable types. NOTHING is as easy to adjust heights! Solid, lightweight, easy setup. You will not be disappointed!" - Clif R.

"As someone who has been putting up basketball hoops for over 30 years, I'm extremely impressed with how easy Dominator hoops are to install. Probably the easiest hoop to install period. Very durable, commercial grade." - Stuart S.

DOMINATOR®

Dominator is a premier sporting goods brand under Leap Products, a product development company based in Lindon, Utah (www.leap-products.com). Specializing in engineering and manufacturing, Leap Products also includes Landecor (www.landecor.com) and Alta (www.alta-light.com). Each brand under our umbrella shares a common mission: to deliver best-in-class, innovative, and beautifully crafted products that set new standards in their respective markets.

The first Dominator Hoop was introduced in 2002. A decade later, we embarked on developing a new aluminum hoop model designed to address long-standing issues in the basketball hoop industry. This advanced model launched in 2013, and since then, we have continuously refined, tested, and perfected its design. In addition to basketball hoops, Dominator has expanded its product line to include high-end aluminum pickleball equipment, light poles, and training accessories, all engineered for exceptional durability and performance.

At Dominator, we are committed to producing premium, long-lasting sports equipment for both residential and commercial applications. Our mission extends beyond product innovation—we strive to inspire strong relationships, active lifestyles, and competitive spirit through sports. We believe the lessons learned on the court translate to life, preparing athletes of all ages for growth, resilience, and success.

WHAT SETS DOMINATOR APART?

PROFESSIONAL GRADE

Built for durability, precision, and peak performance, our products meet the highest standards, ensuring reliability in the toughest conditions.

RUSTPROOF ALUMINUM

Designed to withstand the harshest environments, resisting corrosion, wear, and extreme conditions for unmatched longevity.

SIMPLE INSTALLATION

Intuitive designs and precision engineering make installation simple so you can spend less time assembling and more time playing.

ULTIMATE OUTDOOR EXPERIENCE

We take pride in our precision engineering and clean, simple designs. You'll have the best looking court products on the block.

LIFETIME GUARANTEE

Our products are built to last and backed by a lifetime warranty, guaranteeing superior durability, rust-resistance, and long-term performance for years of play.

BASKETBALL HOOPS

DOMINATOR HOOPS

DESIGNED TO PERFORM. BUILT TO LAST.

KEY FEATURES

- **Effortless Adjustment:** Adjust from 7 to 10 feet with a straight-up-and-down motion, maintaining a consistent free throw line distance.
- **Easy Installation:** Has four main components and a pivoting anchor design, plus a step-by-step guide for a smooth assembly process.
- **Durable Design:** Aircraft-grade aluminum design flexes under impact for superior performance, resists rust, and is built with stainless steel hardware for lasting strength.

DOMINATOR 72"

The **Dominator 72" Basketball Hoop** is built to perform at the highest level, making it ideal for both residential and commercial use. This hoop provides a professional-grade experience whether you're outfitting a home court or a public park.

DOMINATOR 72" PRO

The **Dominator 72" Pro Basketball Hoop** is built for durability and performance, making it perfect for parks, schools, or home courts. With its unbreakable aluminum backboard, this hoop can withstand intense play, ensuring long-lasting quality wherever you need it.

DOMINATOR 60"

The **Dominator 60" Basketball Hoop** is the ideal choice for smaller courts and driveways. With its compact design and durable construction, it delivers pro-level performance while fitting perfectly into tight spaces.

DOMINATOR 54"

The **Dominator 54" Basketball Hoop** is perfect for small spaces, especially driveways. Its space-efficient design ensures a high-quality playing experience without compromising on durability or performance, making it the ultimate choice for limited areas.

*See Page 30 for part numbers.

FIXED HEIGHT HOOP

The Dominator Fixed Height Basketball Hoop combines professional-grade performance with a tamper-proof design, delivering lasting strength and precision for any court built to perform. This hoop offers the same elite playability as our adjustable models—locked at regulation height for unmatched stability. Ideal for parks, schools, and pro-level home courts.

- Only available in black powder-coated aluminum
- Perforated aluminum backboard
- Direct burial installation
- Regulation size

FIXED HEIGHT CONVERSION KIT

Converts your adjustable Dominator basketball hoop into a fixed height hoop, preventing any height adjustments. This kit is perfect for parks, schools, and other public settings where you don't want anyone adjusting the hoop height!

- Powder-coated aluminum locking plate
- Fits 60", 72" & 72" Pro Dominator hoops
- Locks hoop at any preferred height
- Includes:
 - Locking plate
 - Tamper resistant bolts
 - Stainless steel hardware

PART #: FH-KIT

POOLSIDE HOOP

- 40" acrylic backboard
- Waterproof, vinyl-coated rim
- Aircraft-grade aluminum = rustproof
- 20" overhang
- 4 piece, simple & quick installation
- Snug fit into in-ground sleeve
- Easy to remove when not in use

IN-GROUND SLEEVE WITH CAP

PICKLEBALL

DOMINATOR PICKLEBALL

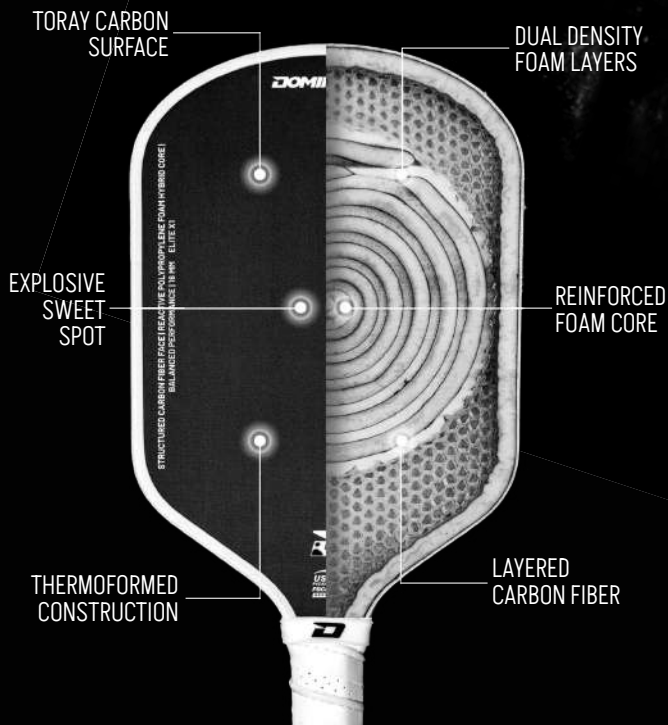

UNMATCHED DURABILITY. ULTIMATE PERFORMANCE.

KEY FEATURES

- **USAPA Standard Compliant:** Meets official USAPA pickleball net regulations while remaining fully portable.
- **Quick & Easy Assembly:** Set up in just a few simple steps and start playing right away.
- **Effortless Portability:** Designed for easy removal and transport, making setup and storage a breeze.
- **Heavy-Duty & Weather-Resistant:** Built with aircraft-grade aluminum to withstand the elements for long-lasting durability.

ELITE X1 *RELENTLESS POWER, EVERY SHOT*

The Elite X1 combines a Toray carbon surface with a thermoformed, dual-density foam core for explosive pop, precision spin, and a smooth, connected feel. Designed for advanced players who dictate every point with confidence and control.

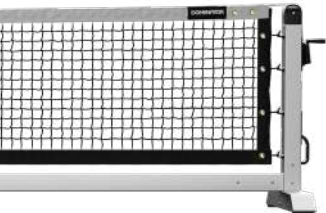

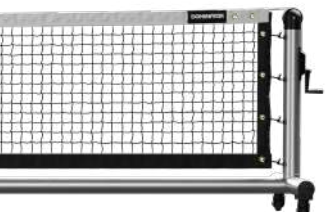

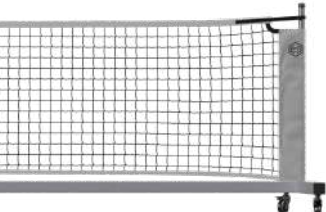

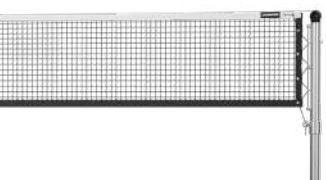

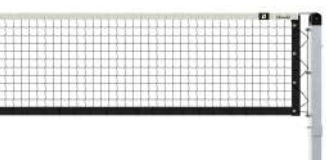

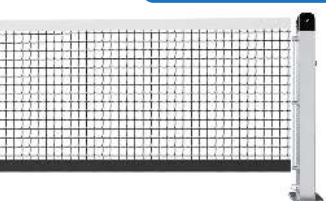

PHANTOM X1 *CONTROL MEETS CONFIDENCE*

Built for players who command every point, the Phantom X1 pairs a sleek edgeless design with an ultra-responsive Poly Core to unleash power, control, and spin in perfect harmony.

PORTABLE

PRO MAX

The **Dominator Pro Max Portable Pickleball Net** delivers unmatched durability with a heavy-duty aluminum frame that's built to last. This net combines the strength of an in-ground system with the convenience of portability for the ultimate playing experience.

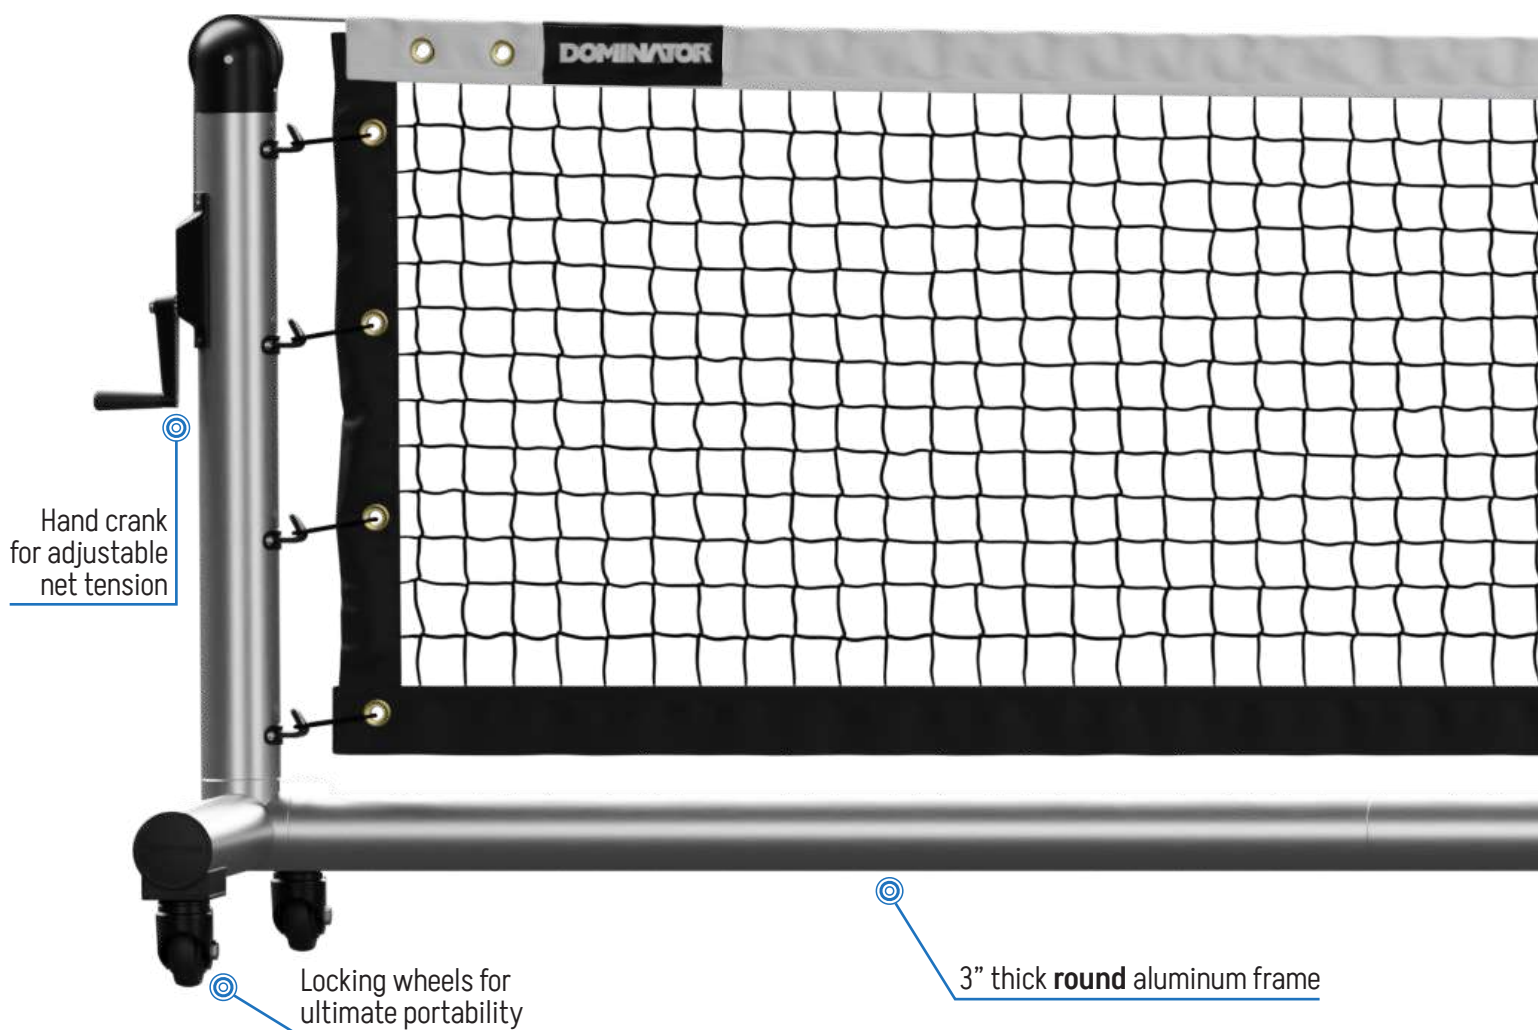

- **Durable Construction:** Built with aircraft-grade aluminum and stainless steel hardware for long-lasting performance.
- **Regulation Size:** Meets USA Pickleball net and dimension standards for professional-level play.
- **Portable with In-Ground Stability:** Combines the strength of an in-ground system with the convenience of portability.
- **Sleek Finish Options:** Choose between a brushed aluminum or black powder-coated finish for a premium look.

PRO

The **Dominator Pro Portable Pickleball Net** offers the perfect balance of adjustability, portability, and long-lasting durability. This net was built to withstand intense play and delivers a professional, game-ready experience anywhere you play.

- **Built to Last:** Constructed from aircraft-grade aluminum with stainless steel hardware for unmatched durability.
- **Professional Standards:** Designed to USA Pickleball regulation size for authentic play.
- **Portable & Stable:** Offers in-ground strength with easy portability.
- **Sleek & Stylish:** Available in a brushed aluminum or black powder-coated finish for a premium look.

PORTABLE

STANDARD

The **Dominator Standard Portable Pickleball Net** is a fully rustproof aluminum system with locking wheels for effortless mobility. This net was designed to meet USA Pickleball official regulations and it assembles in just minutes.

Velcro strap for adjustable net tension

2" thick square aluminum frame

Ball can roll under frame

Locking wheels for ultimate mobility

- **Durable Construction:** Aircraft-grade aluminum frame with stainless steel hardware for long-lasting performance.
- **Hassle-Free Setup:** Quick and easy installation gets you playing in no time.
- **Portable & Compact:** Fully collapsible design fits neatly into a rolling carrying case for effortless transport and storage.
- **Versatile Play:** Engineered for both indoor and outdoor use, ensuring year-round performance.

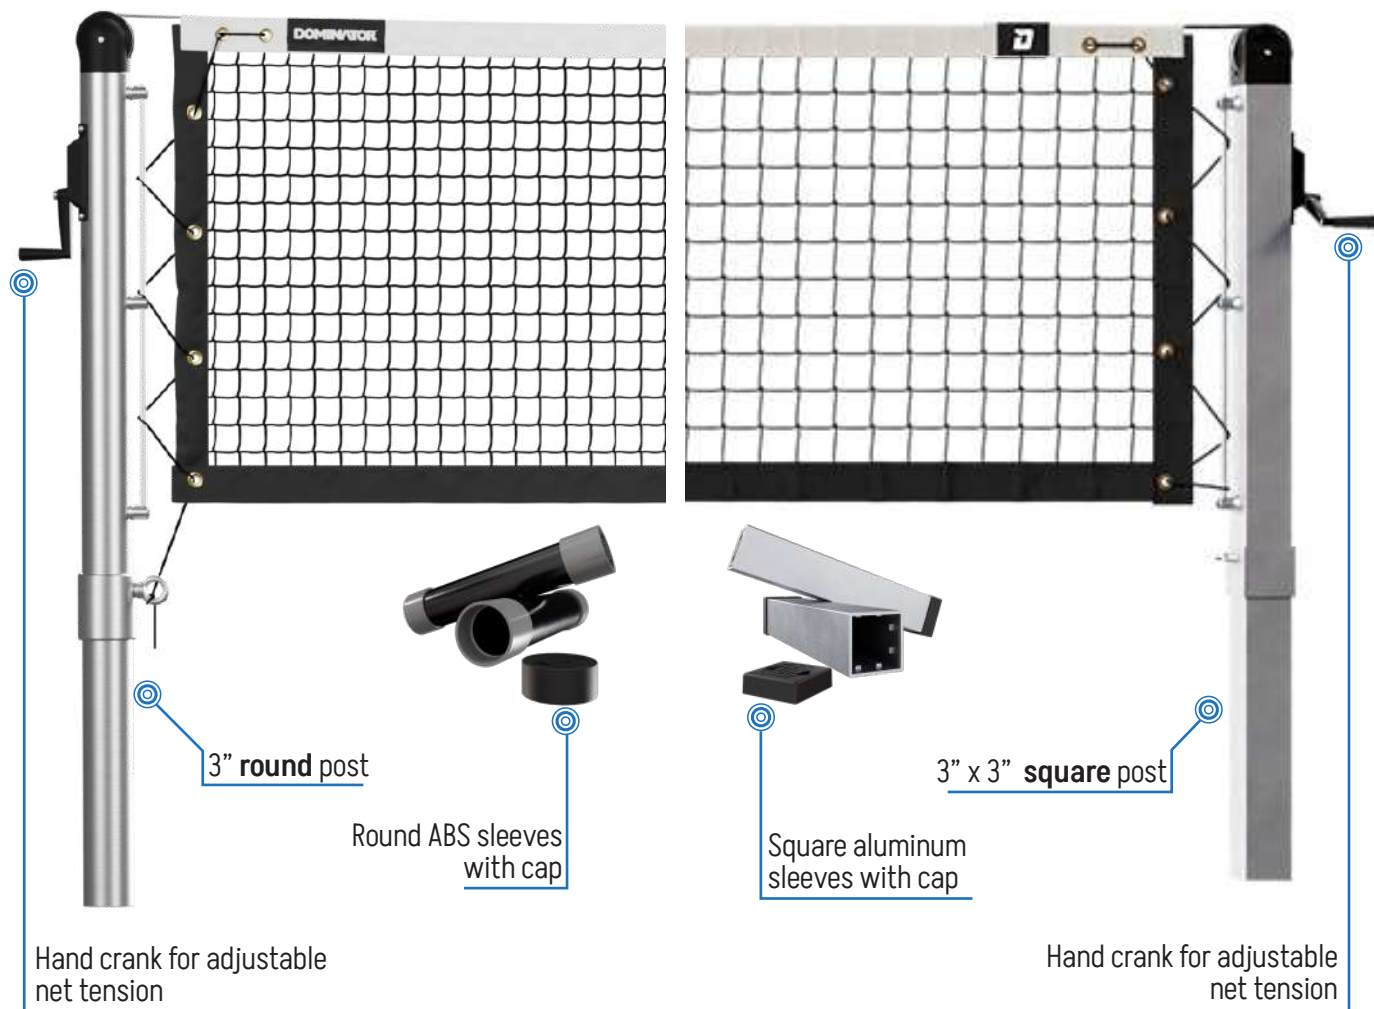

IN-GROUND

The **Dominator In-Ground Pickleball System** is a heavy-duty, premium net system built to USA Pickleball official regulations. Designed for durability and convenience, each post features a separate sleeve permanently set in concrete, allowing for easy removal when not in use.

FIXED

- **Rugged & Reliable:** Aircraft-grade aluminum construction with stainless steel hardware for superior durability.
- **Removable Posts:** Easily lift posts from in-ground sleeves for flexibility and convenience.
- **Flush Design:** Removable cap sits level with the court for a seamless playing surface when not in use.
- **Premium Finish Options:** Choose from a brushed aluminum or black powder-coated finish for a sleek, professional look.

SURFACE MOUNT

The **Dominator Surface Mount Pickleball System** is a fully rustproof aluminum net system designed to USA Pickleball official regulations. Featuring a built-in surface mount plate, each post is securely bolted into existing concrete with heavy-duty anchors.

Hand crank for adjustable net tension

3" x 3" square post

Anchor plate

- **Built to Last:** Aircraft-grade aluminum with stainless steel hardware, making it rustproof.
- **Stable & Secure Installation:** A permanent net system with heavy-duty anchors ensures maximum stability and durability—no excavation required.
- **Premium Finish Options:** Choose from a brushed aluminum or black powder-coated finish for a sleek, professional look.

DOMINATOR[®]

COMMON COURT LAYOUTS

THE ESSENTIALS

For those who want a versatile outdoor space without breaking the bank, this court option offers a streamlined, high-quality setup perfect for pickleball and basketball.

Products shown: 72" Hoop, Triple Light, Hoop-to-Light Pickleball System

THE ELITE

Our most popular court setup delivers the perfect mix of quality, functionality, and value for families and athletes alike. With pro-level in-ground pickleball nets and extra lighting, it's a game-changing addition to any neighborhood.

Products shown: 72" Hoop, Double Light (2), Round In-Ground Pickleball System

THE PICKLEBALLER

Elevate your pickleball game with a professionally designed court featuring bright, evenly distributed lighting for clear visibility day or night. With no shadows or hot spots, every shot is crisp and precise, ensuring peak performance for training, tournaments, or casual play.

Products shown: 72" Hoop, Single Light (4), Round In-Ground Pickleball System

THE FULL COURT

Designed for elite athletes and serious enthusiasts, this court features pro-level hoops and evenly distributed LED lighting for peak performance. Engineered for the ultimate playing experience, it's the top choice for those who demand the best.
