

INTRODUCING THE NEW

LM10A 10 LITER STATIONARY OXYGEN CONCENTRATOR

Rhythm Healthcare's NEW LM10A 10L Stationary Oxygen Concentrator is engineered to meet the oxygen demands of your more acute patients. Building on the same quality and reliability as the LM5BA 5L, the LM10A allows you to treat a broader range of patients in the home setting, ensuring consistent, high-performance care.

- » Oxygen Purity Sensor Standard on All Units
- » Integrated Fire Safety Valve
- » Flow Rates from 1.0-10.0 LPM
- » Low 560W Power Consumption
- » Covered by Industry Leading Rhythm Resolve Warranty Replacement Program

LM10A INFORMATION

PRODUCT SPECIFICATIONS

Weight	50.7 lbs (23 kg)
Dimensions	24.5" H x 14.6" W x 13.6" D
Liter Flow	1.0 - 10.0 LPM
Oxygen Purity	87% - 96% @ 1L - 10L/min
Sound Level dB(A)	≤60±2 dB(A)
Outlet Pressure	18 - 22 PSI
Operating Environment	41°F - 104°F (5° C - 40° C) Humidity: ≤80%
Storage Environment	-22°F - 158°F Humidity 10% - 95%
Power Consumption	560W
Warranty	3 Years Device, 15,000 Hours Compressor

ORDERING INFORMATION

LM10A	10L Stationary Oxygen Concentrator
LM10A-BF	Bacterial Filter
LM10A-ILF	Air Inlet (HEPA) Filter

Rhythm Resolve Warranty Replacement Program

The LM10A is covered by our Industry Leading Rhythm Resolve Warranty Replacement Program. If the device has a manufacturer's defect (in the initial Warranty Term) the device will be replaced rather than repaired. *
