BEFORE YOU BUY

Refund Policy

First 1,000$ online · Last updated November 9, 2026

The short version

[ ] It's a digital download, so sales are final once you open it.

[ ] Broken file or double charge? You get your money back.

[ ] Haven't opened it yet? Ask within 7 days for a full refund.

Why sales are final

The First $1,000 Online is a PDF you can download and keep the second you pay. Once it's opened or downloaded, there's no way to "return" it, so all sales are final after that point, except in the cases below.

When you get a refund

You get a full refund if

[ ] The PDF won't open or download, and we can't fix it quickly after you tell us

[ ] You were charged twice for the same order

[ ] You ask within 7 days and haven't opened or downloaded the book

When you don't

- You changed your mind after opening the book
- You didn't hit $1,000 or any other income goal (results aren't guaranteed; see our Terms)
- You didn't read the product description before buying

How to ask

Within 7 days of buying, message us through the Support chat in our Whop store (First 1,000$ online). Tell us the email you used at checkout and what went wrong (a screenshot helps for file problems). We aim to reply within 2 business days.

How you get paid back

Approved refunds go back to your original payment method through Whop. Depending on your bank, it can take 5–10 business days to show up. Once you're refunded, your access to the book ends.

Talk to us before a chargeback

We'd rather fix it with you directly, and we'll do it fast. Chargebacks filed without contacting us first may cost you access to the book.

Changes

If we update this policy, the version in place when you bought is the one that applies to your order.
