3. Hosting and server log files

The website is hosted on a server operated for us in Germany (Contabo GmbH). When you visit the site, the web server automatically records technical access data in log files:

4. Analytics (Umami)

We use **Umami**, a privacy-focused analytics tool that we host ourselves on our own subdomain (stats.strata-indicator.com). Umami does **not use cookies** and does not track you across other websites. It records aggregated, anonymous usage statistics such as page views and whether a call-to-action button was clicked. Umami is configured so that IP addresses are anonymised / not stored. The legal basis is our legitimate interest in understanding and improving the website (Art. 6 (1) (f) GDPR).
