

RETURN, REFUND, AND CANCELLATION POLICY — VISIONARY CAPITAL

Last Updated: June 2026

1. STRICT NO-REFUND POLICY

Visionary Capital enforces a strict No-Refund Policy on all digital goods, subscription plans, and mentorship packages. All sales are final.

2. RATIONALE FOR NO REFUNDS

Upon purchasing access via Whop, you are granted immediate, unrestricted access to intellectual property, proprietary trading strategies, private channel archives, and active community chats. Because digital goods and intellectual data cannot physically be returned or un-consumed once access is provisioned, the value is delivered instantly. Therefore, we do not accommodate requests for refunds based on buyer's remorse, lack of satisfaction, or financial hardship.

3. RECURRING SUBSCRIPTION BILLING

Automatic Renewal: Your membership will automatically renew at the frequency selected at checkout (e.g., monthly, quarterly, annually) using your authorized payment method.

Cancellation Requirements: You may cancel your subscription at any time through Whop. To prevent being billed for the next cycle, you must submit your cancellation prior to your renewal date.

Forgotten Cancellations: If you forget to cancel before your renewal date and your payment method is processed, you will retain access for the paid period, but you will not be granted a refund for that billing cycle.

4. CHARGEBACK AND DISPUTE POLICY

By checking the terms and conditions box at checkout, you explicitly acknowledge and agree to this Return Policy. You authorize Visionary Capital to submit this signed policy, alongside your unique Whop transaction logs and Discord access history, to your credit card company or banking institution to definitively deny any "unauthorized charge" or "service not received" dispute.
