

# ZenomTrader Premium — Terms of Service

**Last Updated: March 5, 2026**

By purchasing a subscription to ZenomTrader Premium ("the Service"), you ("the Subscriber") agree to the following terms.

## 1. Service Description

ZenomTrader Premium is a paid digital subscription providing access to:

- A private Discord community for algorithmic traders
- Trading strategy source code (NinjaTrader 8, MetaTrader 5)
- Educational content, backtesting tools, and dashboards
- Access to a private GitHub repository with strategy code

The Service is intended for experienced traders and programmers. It does not constitute financial advice, investment advice, or a recommendation to trade any instrument.

## 2. Digital Goods — No Refund Policy

This is a **digital subscription service**. Upon payment, you are granted immediate access to the private Discord server, GitHub repository, and all associated digital content.

**Because access to digital content is delivered instantly upon purchase, all sales are final. No refunds will be issued under any circumstances**, including but not limited to:

- Dissatisfaction with content or strategies
- Failure to use the Service during the subscription period
- Lack of trading profits or financial losses
- Technical issues on the Subscriber's end
- Change of mind after purchase

By completing your purchase, you acknowledge that you are waiving any right to a refund, chargeback, or payment dispute related to this subscription.

## 3. Subscription & Billing

- Subscriptions are billed on a recurring monthly basis through Whop.
- You may cancel your subscription at any time. Cancellation stops future billing but does not entitle you to a refund for the current or any past billing period.
- Upon cancellation, access remains active until the end of the current paid period.

## 4. Intellectual Property

All trading strategies, source code, educational materials, tools, and content provided through the Service are the intellectual property of ZenomTrader ("the Provider").

You may:

- Use the provided code for personal trading on your own accounts

You may NOT:

- Redistribute, resell, share, or publish any code or content from the Service
- Share your Discord or GitHub access with non-subscribers
- Reverse-engineer proprietary tools or dashboards for commercial use

Violation of these terms results in immediate termination of access without refund.

## **5. No Financial Advice Disclaimer**

The Provider is NOT a registered financial advisor, broker, or investment professional. All content is educational and informational only.

- Past performance of any strategy does not guarantee future results
- All trading involves risk of financial loss
- The Subscriber is solely responsible for their own trading decisions
- The Provider assumes no liability for any financial losses incurred

## **6. Access & Conduct**

- The Provider reserves the right to revoke access for any reason, including violation of these terms or disruptive behavior in the community.
- Access is granted to one individual per subscription. Account sharing is prohibited.

## **7. Chargebacks & Disputes**

Filing a chargeback or payment dispute after receiving access to the Service constitutes a breach of these terms. The Provider reserves the right to:

- Immediately revoke all access (Discord, GitHub, tools)
- Pursue recovery of the disputed amount plus any fees incurred
- Report fraudulent chargebacks to relevant platforms

## **8. Limitation of Liability**

The Service is provided "as is" without warranty of any kind. The Provider's total liability shall not exceed the amount paid by the Subscriber in the current billing period.

## **9. Governing Law**

These terms are governed by the laws of Romania. Any disputes shall be resolved in the courts of Bucharest, Romania.

## **10. Changes to Terms**

The Provider may update these terms at any time. Continued use of the Service after changes constitutes acceptance of the updated terms.

By purchasing ZenomTrader Premium, you confirm that you have read, understood, and agree to these Terms of Service.
