

DART'S LAB

Return and Refund Policy

Last Updated: July 2026

1. NO REFUND POLICY

Dart's Lab operates under a strict NO REFUND policy. All purchases, subscriptions, and memberships are final and non-refundable under all circumstances, without exception.

2. ALL PURCHASES ARE NON-REFUNDABLE

- Your payment for access to Dart's Lab is non-refundable. This includes:
- Membership access fees
- Subscription renewals
- One-time course purchases
- Any promotional or discounted purchases
- Partial month or partial term access

Once you have made a Purchase, the transaction is final. No refunds, credits, or reversals will be issued for any reason.

3. NO RETURNS OR EXCHANGES

Because the Service is a digital educational platform, returns and exchanges are not available. You cannot return access or exchange it for another product or service. All access grants are final at the moment of purchase.

4. NO EXCEPTIONS

- We do not issue refunds or accept returns under any of the following circumstances:
- Change of mind or buyer's remorse
- Dissatisfaction with the content or Service quality
- Inability to access due to technical issues
- Failure to use the Service after purchase
- Trading losses or poor investment results
- Duplicate charges (contact support; credit will not be issued)
- Any other circumstance

5. DUPLICATE OR ERRONEOUS CHARGES

If you believe you have been charged in error or duplicate, Dart's Lab will investigate the issue. However, an investigation does not automatically result in a refund. Any resolution will be handled at Dart's Lab's sole discretion.

6. SUBSCRIPTION CANCELLATION

If you have a recurring subscription, you may cancel it to prevent future charges. However, cancellation does not entitle you to a refund for periods already paid. Your subscription will remain active until the end of the paid period.

You are responsible for canceling before the renewal date if you do not wish to be charged again.

7. CHARGEBACK WAIVER

By purchasing from Dart's Lab, you expressly waive your right to file a chargeback, dispute, or reversal with your bank or payment processor. Initiating a chargeback is a breach of this policy and will result in:

- Immediate account suspension and permanent ban
- Legal action to recover chargeback fees and damages
- Liability for all costs associated with the chargeback

8. POLICY CHANGES

Dart's Lab reserves the right to modify this Return and Refund Policy at any time. Continued use of the Service after changes constitutes acceptance of the updated policy.

9. ACKNOWLEDGMENT

By making a purchase from Dart's Lab, you acknowledge that you have read, understood, and accept this No Refund policy in its entirety. You understand that all transactions are final and non-reversible.
