

# TJR LLC — Policies, Terms & Disclaimers

*Last Modified: May 3rd, 2026*

This page sets out the policies, terms, and disclaimers that apply to your use of [tjrtrades.com](https://tjrtrades.com) (the “Site”) and to any digital products, online courses, indicators, communities, or coaching services offered by TJR LLC (“TJR Trades”, “the Company”, “we”, “us”). For questions about anything below, contact [help@tjrtrades.com](mailto:help@tjrtrades.com).

## Whop Inc. — No Returns or Refunds Policy

This No Returns or Refunds Policy is subject to the terms and definitions contained in the Whop Terms of Service and applies to all Users of the Whop e-commerce marketplace platform located at [whop.com/tos](https://whop.com/tos).

### 1. No Returns

You acknowledge and agree that, due to the nature of the services and the products made available for purchase on the Site, Whop cannot and does not accept returns of any products sold through the Site or Whop Services. Whop shall not be responsible for ensuring the return of any products or enforcing the individual return policy of any Seller.

### 2. No Refunds

Unless otherwise provided in the Whop Terms of Service, you acknowledge and agree that Whop does not provide refunds for any products sold through the Site or Whop Services and that Whop shall not be responsible for ensuring or enforcing the individual refund policy of any Seller.

## TJR LLC — No Returns or Refunds Policy

At TJR LLC, we stand behind the quality of our digital products and online courses. Please read this policy carefully before making a purchase.

### Digital Products and Online Courses

Due to the nature of our digital products and online courses, all sales are final. Once access is granted to the digital content, we are unable to offer refunds, exchanges, or cancellations. By completing your purchase, you acknowledge and agree that no refunds will be issued, subject only to the limited Payout Guarantee described below where it has been expressly offered to you as part of a marketing campaign or live presentation.

### Exceptions

Other than the conditional Payout Guarantee described below (where applicable), we do not make exceptions to this policy. All sales are final at the time of purchase. Please ensure that you fully understand what is being offered before making a purchase.

### Technical Issues

If you experience any technical difficulties accessing your purchased digital products or courses, please contact our support team at [help@tjrtrades.com](mailto:help@tjrtrades.com) for assistance. We are committed to resolving any technical issues that may arise to ensure you have access to the products you have purchased.

### Split Payment Plans

By choosing a split payment plan, you agree to complete all scheduled payments in full. Once the first payment is made to TJR LLC via Whop Inc., the payment plan cannot be canceled or terminated under any circumstance. You are obligated to pay the remaining balance according to the terms of the payment plan, regardless of usage or completion of the digital product or course. Failure to complete payments may result in restricted access to the purchased product or course and legal action to recover the outstanding balance.

Any financing, loan, BNPL (Buy Now Pay Later), or credit arrangement entered into with a third-party provider is solely your responsibility. TJR LLC is not a party to any such arrangement and does not have any control over its terms. You remain fully responsible for fulfilling your obligations to the third-party provider regardless of your progress or completion of the program.

## **Chargebacks and Payment Disputes**

By making a purchase from TJR LLC, you agree not to initiate, threaten, or cause any chargeback, reversal, or payment dispute with your financial institution, credit card issuer, bank, or any third-party payment processor (including but not limited to Whop, Adyen, Stripe, PayPal, Splitit, Klarna, Affirm, or any other Buy Now Pay Later provider) for any amount paid to TJR LLC, for any reason, where you have received access to the product or service purchased.

Because digital products and course access are delivered immediately upon purchase, an unjustified chargeback initiated after access has been granted may be treated as an unauthorized dispute and may result in immediate revocation of program access, reporting of the dispute to the applicable authorities and payment networks, and recovery of the disputed amount, chargeback fees, and reasonable attorneys' fees. If you have a concern about a charge, please contact us first at [help@tjrtrades.com](mailto:help@tjrtrades.com) — we will work with you in good faith to resolve it.

## **Payout Guarantee (Where Offered)**

From time to time, TJR LLC may offer a conditional Payout Guarantee as part of a specific marketing campaign, webinar, or live presentation. Where this Guarantee has been expressly extended to you and you have purchased the qualifying program, and provided you have fully followed the system and met all participation requirements, if you have not received a payout from a funded trading account within six (6) months of joining, we will either continue to work with you at no additional cost until you do, or issue a full refund of the fees paid for the program — at our sole election.

The Payout Guarantee is conditional. Full eligibility requirements (including minimum weekly community engagement, attendance at live coaching calls, good-faith completion of all program modules, and documented attempts at funded-account challenges) and the claim procedure are set out in Section 3.1 of the TJR LLC Customer Agreement and Liability Waiver Agreement, which is provided to you at the time of purchase. The Payout Guarantee does not apply to any purchase made outside of a campaign or offer in which it was expressly presented to you, and nothing in this summary constitutes a guarantee of earnings or trading results — please see the Financial Disclaimers below.

## **Agreement at Checkout**

When you complete a purchase from TJR LLC through Whop, you confirm at checkout that you agree to TJR Trades's terms and conditions (including the Customer Agreement and Liability Waiver Agreement provided at purchase), to Whop's Terms of Service ([whop.com/tos](https://whop.com/tos)) and Privacy Policy ([whop.com/privacy](https://whop.com/privacy)), and that you authorize the charge of your selected payment method for that purchase and any scheduled installments thereafter. By making any purchase from TJR Trades or TJR LLC, you are agreeing to be bound by those documents in addition to the policies on this page.

## Community Conduct & Confidentiality

Many of our products include access to a private community (such as a Discord server, members' portal, or group coaching calls). In these spaces, members are expected to treat each other and the Company's staff and coaches respectfully and to keep program materials and other members' personal or proprietary information confidential.

As a condition of access to any TJR LLC community, members agree not to:

- Share, re-teach, repackage, or distribute program content, recordings, indicators, frameworks, or terminology outside the official community;
- Organize or participate in unauthorized splinter groups, masterminds, peer-led coaching pods, or alternative communities (whether on Discord, Telegram, WhatsApp, Slack, or elsewhere) that use TJR LLC's intellectual property or are positioned as a substitute for the official program;
- Solicit other members to join unrelated paid programs, services, or offers;
- Disclose, copy, or misuse confidential or personal information shared by other members in the community.

These expectations exist to protect the value of the community for every member. Violations may result in removal from the community and from the program, without refund, and may subject the member to further legal remedies as set out in the Customer Agreement.

## Third-Party Communications & Fraud Disclaimer

### Unofficial Communications

All official communications from TJR LLC ("the Company") will only occur through our designated platforms, verified email addresses (including [help@tjrtrades.com](mailto:help@tjrtrades.com)), and official program portals. Our team members, coaches, and representatives will never request money, cryptocurrency, account access, or investment transfers through direct messages (DMs) on Discord, social media, text messages, or any other third-party platform.

### User Responsibility

Members are solely responsible for verifying the authenticity of communications and exercising caution when engaging online. TJR LLC is not responsible or liable for any losses, damages, or harm resulting from interactions with third parties, including but not limited to impersonators, scammers, bots, or fraudulent accounts on Discord, Telegram, WhatsApp, social media, or other platforms.

### Security Guidance

To protect themselves, members must:

- Never send or deposit funds outside of Whop or other official payment portals;
- Never share personal login credentials or financial details with other members or external parties;
- Disregard and report any direct solicitations for mentorship, money, or account setup outside the official platform. Reports may be sent to [help@tjrtrades.com](mailto:help@tjrtrades.com).

### Limitation of Liability

To the fullest extent permitted by law, TJR LLC disclaims any liability for financial, reputational, or other losses incurred as a result of fraudulent or unauthorized third-party activity. Members acknowledge that participation in online communities carries inherent risks, and by enrolling, they accept personal

responsibility for exercising caution.

## **Intellectual Property**

All content made available through TJR LLC's programs, communities, indicators, videos, written materials, and Site — including text, graphics, logos, frameworks, methodologies, and software — is owned by TJR LLC and/or its licensors and is protected by copyright and other intellectual property laws. Purchase of a program grants you a limited, revocable, non-transferable license to access and use that content for your own personal use only.

Without our prior written permission, you may not:

- Republish, repost, or share program materials with anyone who has not purchased them;
- Sell, rent, sub-license, or otherwise commercialize any program content;

We reserve the right to revoke program access without refund where unauthorized use, redistribution, or infringement is discovered or reasonably suspected.

## **TJR LLC — Terms of Service**

The sales figures stated on the landing page and discussed in this training are our personal sales figures and in some cases the sales figures of previous or existing clients. Please understand these results are not typical. We're not implying you'll duplicate them (or do anything for that matter, as it will all depend on you). The average person who buys "how to" information gets little to no results due to lack of work ethic. We're using these references for example purposes only. Your results will vary and depend on many factors including but not limited to your background, experience, and work ethic. All business entails risk as well as massive and consistent effort and action. If you're not willing to accept that, please LEAVE THIS PAGE NOW.

## **Financial Disclaimers**

### **NFA Required Disclaimer**

Trading futures and options is a challenging and potentially profitable opportunity for educated and experienced investors. However, before deciding to participate in the futures and options market(s), you should carefully consider your investment objectives, level of experience, and risk appetite. There is considerable exposure to risk in futures and options transactions. Any transaction involves risks including, but not limited to, the potential for changing political and/or economic conditions that may substantially affect the price or liquidity of a market. Moreover, the leveraged nature of futures and options trading means that any market movement will have an equally proportional effect on your deposited funds. This may work against you as well as for you. The possibility exists that you could sustain a total loss of initial margin funds and your position will be liquidated and you will be responsible for any resulting losses. Investors are recommended to lower exposure to risk by employing risk-reducing strategies.

TJR Trades will not be held responsible for the reliability or accuracy of the information available on our website(s) or distributed information such as, but not limited to, our alerts. We assume that you are legally permitted to use our products. Making sure that you are following the global and your local laws and legislations is your responsibility. We cannot be held responsible for any damages or lawsuits against you due to such regulations. All financial trading involves significant risk.

### **You Are Solely Responsible for All Trading Profit or Loss**

Only you are responsible for the trades you take, including trades taken through automated trading systems you may in any manner employ. You alone are ultimately and completely responsible for all testing and quality assurance of all trading systems, methods, and technologies you may employ, and you alone bear the full profit or loss of any and all trading activities you may undertake.

## **Risk of Trading Futures, Options, Equities, and Forex**

There is a significant risk of loss in futures, forex, equities, and options trading — including trades taken online. Trade only with capital you can afford to lose. Past performance is not necessarily indicative of future results. Nothing on this website or that we may separately convey is intended to be a recommendation to buy or sell any market or instrument. All information has been obtained from sources and methods which are believed to be reliable, but accuracy and thoroughness cannot be guaranteed. You alone are solely responsible for how to use the information and for the results. TJR Trades and 1of1Funding LLC do not guarantee the accuracy or completeness of any information or any analysis based thereon.

## **Hypothetical Performance**

Hypothetical performance results have many inherent limitations, some of which are described below. No representation is being made that any account will or is likely to achieve profits or losses similar to those shown. In fact, there are frequently sharp differences between hypothetical performance results and the actual results subsequently achieved by any particular trading program.

One of the limitations of hypothetical performance results is that they are generally prepared with the benefit of hindsight. In addition, hypothetical trading does not involve financial risk, and no hypothetical trading record can completely account for the impact of financial risk in actual trading. For example, the ability to withstand losses or to adhere to a particular trading program in spite of trading losses are material points which can also adversely affect actual trading results. There are numerous other factors related to the markets in general or to the implementation of any specific trading program which cannot be fully accounted for in the preparation of hypothetical performance results and all of which can adversely affect actual trading results.

TJR Trades and 1of1Funding LLC do not trade actual accounts for clients. Because there are no actual trading results to compare to any hypothetical performance results in advance of live trading, clients should be particularly wary of placing undue reliance on hypothetical performance results. Commission Rule 4.41(c)(1) applies to “any publication, distribution or broadcast of any report, letter, circular, memorandum, publication, writing, advertisement or other literature...” Commission Rule 4.41(b) prohibits any person from presenting the performance of any simulated or hypothetical futures account or futures interest of a CTA, unless the presentation is accompanied by a disclosure statement. The statement describes the limitations of simulated or hypothetical futures trading as a guide to the performance that a CTA is likely to achieve in actual trading.

## **Additional Risk Disclosure for Systems Traders**

Commission Rule 4.41(b)(1)(I): hypothetical or simulated performance results have certain inherent limitations. Unlike an actual performance record, simulated results do not represent actual trading. Also, since the trades have not actually been executed, the results may have under-compensated or over-compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated trading programs in general are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profits or losses. There have been no promises, guarantees, or warranties suggesting that any trading will.

## **CFTC Rule 4.41 Disclaimers**

All financial trading involves significant risk. You are solely responsible for all trading profit or loss. Only you are responsible for the trades you take, including trades taken through automated trading systems you may in any manner employ.
