

Terms of Service

Magical Prompt Studio

Last updated: 5 August 2026

1. Who we are

Magical Prompt Studio ("we", "us", "our") is operated by Tatiana Allen, a UK-based sole trader, trading as Magical Prompt Studio at tatianalychy.com.

Contact: tatianalychy@gmail.com

We are the seller of the service described in these Terms. Our payment provider, Whop, processes your payment and, where applicable, collects and remits sales tax/VAT on the transaction — but Whop is not the party responsible for providing the Studio itself; we are.

2. Who can subscribe

You must be at least 18 years old and able to enter into a legally binding contract to subscribe to the Studio. The Studio is offered to consumers and small businesses worldwide, subject to Whop being able to process payment from your location; nothing here overrides mandatory consumer-protection rights you have under the law of your own country of residence, where those rights apply and cannot be excluded by agreement.

3. What we offer

Magical Prompt Studio is a subscription-based website that gives you access to a set of online prompt generators for use with third-party AI tools (image generators, chat tools, etc.). You use the generators inside your browser; nothing is downloaded or installed on your device. This is digital content/a digital service, not physical goods.

4. Subscriptions, free trial, and price changes

- Some plans include a 3-day free trial. You will not be charged during the trial.
- If you do not cancel before the trial ends, your card will be automatically charged the plan price shown at checkout, and your subscription will continue to renew automatically (monthly, every 6 months, or yearly, depending on the plan you chose) until you cancel.
- You can cancel at any time from inside the Studio, or by contacting us at tatianalychy@gmail.com. See our Return Policy for what happens to payments already made.
- We will aim to make sure you have a clear opportunity to cancel before a trial converts to a paid charge or before a renewal is billed; you can also check your next billing date at any time via Whop.
- If we change the price of your plan, the new price will apply from your next renewal onwards, never retroactively — and where required by law, we'll give you reasonable notice so you can cancel first if you don't want to continue at the new price.
- All payments and subscription billing are processed by our payment provider, Whop ("Whop"). By subscribing, you also agree to Whop's own Terms of Service and Privacy Policy, available at whop.com.

5. Your right to cancel (UK 14-day cooling-off period)

Under the Consumer Contracts Regulations 2013, if you are a consumer in the UK, you normally have the right to cancel a distance contract within 14 days without giving a reason. If you are not given the information required by law about this right, that 14-day period can be extended, in some cases by up to a further 12 months.

Because the Studio is digital content/a digital service that you get access to immediately (not physical goods), the checkout screen asks you to expressly confirm, before you pay, that you want us to start providing access to you straight away and that you understand you will lose this 14-day right once you do so. Starting your free trial or subscription on that basis means you have given that consent. We (via Whop) send you an email confirmation of your order, which also confirms this.

This waiver only affects your right to cancel simply because you changed your mind. It does not remove or reduce:

- your rights under our Return Policy (see below);
- your statutory rights under the Consumer Rights Act 2015 if the service is faulty, not as described, not fit for purpose, or not supplied with reasonable care and skill;
- any other right that cannot be excluded by law.

6. Accounts and access

- Access to the Studio requires signing in with a Whop account. We do not run our own separate password system — sign-in is handled entirely by Whop.
- You are responsible for keeping your Whop account secure. We are not responsible for losses caused by someone else accessing your account through no fault of ours.

7. Acceptable use

You agree not to:

- share your subscription or login access with people who have not paid for it;
- copy, resell, sublicense, or redistribute the Studio, its generators, or its content as your own product or service;
- attempt to disrupt, reverse-engineer, or gain unauthorised access to the site or its systems;
- use the Studio for any unlawful purpose.

If you seriously or repeatedly breach these Terms, we may suspend or end your access to the Studio. Where reasonably possible we'll tell you why. This doesn't affect any refund you're separately entitled to under our Return Policy or under the Consumer Rights Act 2015.

8. Intellectual property and generated content

The Studio, its generators, underlying templates, prompt-building logic, design, and branding are our property (or used under licence) and are protected by copyright and other intellectual property laws. Nothing in these Terms transfers ownership of the Studio or its underlying systems to you.

When you use a generator, we grant you a non-exclusive, royalty-free, worldwide licence to use the specific text output (the "prompt") it produces for you, for personal or commercial creative projects. This licence covers only that generated prompt text — not the generator, template, or system that produced it, which remain ours.

We don't guarantee that the prompt you receive is unique to you — our generators work by combining a limited set of building blocks, so another user may receive an identical or very similar prompt. We make no representation about whether AI-generated text can be copyrighted, and we don't promise you any exclusive rights beyond the licence above.

Third-party AI tools are not part of the Studio. You choose which AI tool (image generator, chat tool, etc.) to paste our prompts into, and your use of that tool is a separate arrangement between you and its provider, governed by that provider's own terms, pricing, and availability. We do not guarantee that any third-party tool will accept our prompts, produce any particular result, or remain available or unchanged over time, and any cost of using that tool is yours, separate from your Studio subscription.

9. Availability

We do our best to keep the Studio available, but we do not guarantee uninterrupted access. We may add, change, or remove individual generators over time as the collection grows. We are not liable for outages or unavailability caused by circumstances beyond our reasonable control (see Section 11, Force majeure).

10. Limitation of liability

The Studio is provided "as is". To the fullest extent permitted by law:

- our total liability to you arising out of or in connection with these Terms or your use of the Studio, however arising, is limited to the amount you paid us for your then-current subscription period (e.g. the monthly, 6-monthly, or yearly fee you paid that period);
- we are not liable for any indirect or consequential loss, or for losses caused by third-party AI tools you choose to use our prompts with;

- nothing in these Terms limits liability where it cannot legally be limited (for example, in case of fraud, death or personal injury caused by our negligence, or any statutory right that cannot be excluded).

11. Force majeure

We are not responsible for delays or failures in providing the Studio caused by events outside our reasonable control, such as internet or infrastructure outages, or faults at services we rely on (Whop, our hosting provider). An expected commercial risk — such as a third-party AI tool you use our prompts with changing its policies, pricing, or availability — is not treated as force majeure; see Section 8 above for how that risk is allocated.

12. Privacy

We process a limited amount of personal data in connection with the Studio, as described in our Privacy Policy. For that processing, we act as the data controller (Whop acts as an independent controller for the payment and billing data it collects directly from you). Please read our Privacy Policy for details of what is collected and your rights.

13. Complaints

If something's gone wrong, please email tatianalychy@gmail.com first so we can try to sort it out directly. If you're a UK or EU consumer and remain unhappy, you may also be able to use the European Commission's Online Dispute Resolution platform or another relevant alternative dispute resolution service.

14. Changes to these Terms

We may update these Terms from time to time. If we make material changes, we will update the "Last updated" date above. Continuing to use the Studio after changes take effect means you accept the updated Terms.

15. Governing law

These Terms are governed by the laws of England and Wales. Any disputes will be handled by the courts of England and Wales. This does not affect any statutory rights you have as a consumer in your country of residence.
