

End-User License Agreement

END-USER LICENSE AGREEMENT

Personal access terms for AGProLabs digital tools

This agreement defines the limited, personal right to use an AGProLabs TradingView Pine Script product after a valid purchase and access activation.

Last updated: July 11, 2026

LICENSE AT A GLANCE

Access is personal, limited and non-transferable

Your purchase grants access to the selected product and term. It does not transfer source code, ownership or redistribution rights.

ONE ACCOUNT

Your confirmed TradingView username

[Skip to content](#)

PERMITTED USE

Personal analytical use

You may use the product to support your own chart review, research and educational analysis.

Access is activated for the exact TradingView account submitted during checkout or support verification.

RESTRICTIONS

No sharing or redistribution

You may not share access, resell, sublicense, copy, reverse engineer or circumvent access controls.

1. Agreement

By purchasing, activating or using an AGProLabs product, you agree to this End-User License Agreement together with the Terms of Service, Privacy Policy, Refund Policy and the terms shown on the applicable product and checkout pages.

2. License grant

Subject to successful payment and continued compliance, AGProLabs grants you a limited, revocable, non-exclusive, non-transferable right to use the purchased digital product through one confirmed TradingView account for the access term purchased.

3. Ownership

AGProLabs and its licensors retain all intellectual-property and ownership rights in the product, its logic, presentation, documentation and related materials. No source-code, trademark or ownership rights are transferred.

4. Prohibited conduct

You may not share credentials or access, distribute screenshots or materials for replication, resell or sublicense the product, copy or reverse engineer protected logic, bypass technical controls, automate unauthorized extraction or use the product unlawfully.

for the stated term. Lifetime access refers to the commercial lifetime of the

6. Updates and compatibility

AGProLabs may update, refine or replace product functionality and documentation.

purchased AGProLabs product while it remains supported and technically available. Third-party platform changes may affect availability.

Compatibility depends in part on TradingView and other independent third-party systems, whose availability and changes are outside AGProLabs control.

7. Suspension and termination

Access may be suspended or terminated for fraud, chargeback abuse, unauthorized sharing, circumvention of access controls or a material breach of this agreement. Mandatory consumer rights remain unaffected where applicable.

8. Analytical purpose

The product is an analytical and educational chart-review tool. It is not a prediction engine, financial advice, automated trading service or guarantee of any market result.

9. Disclaimer and responsibility

Market conditions, data, timeframes and user interpretation can affect outputs. You remain responsible for reviewing information, managing risk and making your own decisions.

10. Governing documents

The [Terms of Service](#) govern general use and purchases. The [Refund Policy](#), [Privacy Policy](#) and [Risk Disclosure](#) form part of the applicable service framework.

One purchase. One confirmed account. Personal analytical use.

Contact AGProLabs before purchasing if you need clarification about permitted use, access duration or activation.
