

EZ Algo — Terms of Service

Effective Date: June 9, 2025

1. Acceptance of Terms

By purchasing, accessing, or using any product or service offered by EZ Algo ("we," "us," or "our") through ezalgo.pro or any associated platform including Whop, you ("User," "you") agree to be bound by these Terms of Service ("Terms"). If you do not agree to these Terms, do not complete your purchase or use our services.

2. Products & Services

EZ Algo offers a suite of TradingView indicator scripts and related trading tools (collectively, "the Product"). Access is granted on a subscription or lifetime basis as selected at the time of purchase. All products are delivered digitally through the TradingView platform and accessed via a valid TradingView username provided by you.

3. No Refunds — All Sales Are Final

ALL SALES ARE FINAL. Due to the immediate digital delivery nature of our products, we do not offer refunds, exchanges, credits, chargebacks, or returns of any kind under any circumstances, including but not limited to:

- Change of mind or buyer's remorse
- Inability to use the product due to lack of TradingView access
- Technical issues on the User's end
- Dissatisfaction with results or trading performance
- Accidental or duplicate purchases

By completing a purchase, you expressly acknowledge and agree that you waive any right to request a refund or initiate a chargeback through your payment provider. Unauthorized chargebacks will result in immediate termination of access and may be reported to relevant payment processors.

4. License & Permitted Use

Upon purchase, EZ Algo grants you a limited, non-exclusive, non-transferable license to use the Product solely for your personal trading activities. You may not:

- Share, resell, sublicense, or redistribute the Product or your access credentials
- Reverse engineer, copy, or replicate the underlying code or logic
- Use the Product to create competing products or services
- Provide your TradingView username or Whop access to any third party

5. No Financial Advice

EZ Algo and its products are provided for informational and educational purposes only. Nothing within the Product, website, Discord, Telegram, or any affiliated social media account constitutes financial, investment, or trading advice. Trading involves substantial risk of loss. Past performance of any indicator or signal is not indicative of future results. You are solely responsible for all trading decisions.

6. Account & Access

You are responsible for maintaining the confidentiality of your account credentials. EZ Algo reserves the right to suspend or terminate your access without notice if we determine, in our sole discretion, that you have violated these Terms, including unauthorized sharing of access.

7. Modifications to Service

EZ Algo reserves the right to modify, update, or discontinue any product or feature at any time without notice. We may also update these Terms at any time. Continued use of the Product after changes constitutes acceptance of the revised Terms.

8. Limitation of Liability

To the maximum extent permitted by applicable law, EZ Algo and its owner(s) shall not be liable for any direct, indirect, incidental, special, consequential, or punitive damages arising from your use of or inability to use the Product, including any trading losses incurred.

9. Governing Law

These Terms shall be governed by and construed in accordance with the laws of the State of Michigan, United States, without regard to its conflict of law provisions.
