

Refund Policy

Print Squad · Memberships, Indicators & Digital Products · Effective June 15, 2026 · Last Updated June 15, 2026

This Refund Policy applies to all purchases of Print Squad memberships, subscriptions, indicators, and digital products (collectively, the “Products”) made through fnptrades.com and its authorized platforms, including Whop and TradingView. By completing a purchase, you acknowledge and agree to this Policy.

1. All Sales Are Final

All sales of Print Squad Products are final. Because our Products are digital goods and educational services delivered immediately upon purchase, we do not offer refunds, returns, exchanges, or credits except where expressly required by applicable law.

2. Educational and Reference Purpose Only

All Print Squad Products and content are provided for educational and reference purposes only. They do not constitute financial, investment, or trading advice and are not a recommendation to buy or sell any financial instrument. Purchasing a Product does not entitle you to any specific guidance, outcome, or result.

3. No Guarantee of Results or Profits

Print Squad does not guarantee any trading results, performance, or profits. Trading involves substantial risk of loss. Any examples or past results are illustrative only and are not indicative of future performance. A Product not meeting your profit expectations is not a basis for a refund.

4. Immediate Digital Delivery

Access to Products is delivered electronically and immediately upon successful payment (for example, via Discord access, a TradingView invite, or a download). This immediate grant of access constitutes delivery of the Product. By purchasing, you consent to immediate delivery and acknowledge that, to the extent permitted by law, you waive any cooling-off or cancellation period.

5. Refund Requests That Will Be Denied

Refund requests will be denied where they are based on, without limitation, any of the following:

- User error or misuse of a Product.
- Failure to use, engage with, or learn the Product or content.
- Unmet profit expectations or trading losses.
- Change of mind or buyer’s remorse.
- Lack of compatibility with a platform or chart due to user setup.
- Violation of the Print Squad Terms of Service.

6. Billing and Access Issues

If you were charged in error (for example, a duplicate charge) or did not receive access due to a technical failure on our side, contact us promptly and we will work in good faith to correct the billing error or restore your access. This is a correction of delivery or billing — not a profit-based or satisfaction-based refund.

7. Chargebacks

Initiating a chargeback or payment dispute in violation of this Policy may result in immediate and permanent termination of your access to all Print Squad Products and Communities. We reserve the right to contest such disputes with documentation of delivery and of your acceptance of this Policy.

8. Subscriptions and Cancellation

For recurring subscriptions, you may cancel at any time to stop future billing. Cancellation ends renewal going forward and does not retroactively refund amounts already paid for the current or prior billing periods. You will retain access through the end of your paid period.

9. Acknowledgment

By purchasing any Print Squad Product, you acknowledge that you have read, understood, and agree to this Refund Policy.

Questions about this document may be directed to Print Squad through the official Print Squad Discord server or via fnptrades.com.
