By purchasing any product, guide, supplier list, membership, or service (the "Product") through this Whop store, you acknowledge that you have read, understood, and agreed to the terms set out in this policy in full. This policy forms a binding part of the transaction between you and Bayresellz.

1. All Sales Are Final

Because every Product sold by Bayresellz is a digital product delivered instantly upon purchase (including immediate access to guides, supplier lists, and/or membership content), all sales are final, non-refundable, and non-disputable, without exception. Once access has been granted, the Product cannot be "returned," and the transaction is treated as fully and irreversibly completed.

This means Bayresellz does not accept, and will deny, any and all refund requests, support disputes, or payment disputes of any kind, regardless of the reason given. This applies regardless of whether:

- You have accessed, downloaded, or used the Product
- You changed your mind after purchasing
- You are dissatisfied with the content, format, or presentation of the Product
- You did not read the product title, description, or included terms prior to purchasing
- You believe similar or identical information is available elsewhere for free or at a lower price
- You did not generate income, sales, or specific results from using the Product — results depend entirely on your own effort, market conditions, and execution, and no outcome is ever guaranteed
- You experienced a technical issue on your end (e.g., wrong email provided at checkout, device incompatibility) — such issues are treated as support matters, not grounds for a refund
- You purchased the wrong tier, bundle, or product by mistake

2. Subscriptions & Recurring Billing

If your purchase includes recurring billing, you may cancel future billing at any time to stop further charges. Cancelling a subscription does not entitle you to a refund for the current or any prior billing period. Access to the Product will continue until the end of the period already paid for.

3. Chargebacks & Payment Disputes

All chargebacks, payment disputes, and "unauthorized transaction" claims will be denied and formally contested by Bayresellz. Because the Product is a digital good delivered instantly and access is granted at the moment of purchase, Bayresellz treats every such claim as invalid on its face and will respond to each one with proof of delivery, proof of access, and proof of your agreement to this policy at checkout.

Filing a chargeback, payment dispute, or "unauthorized transaction" claim with your bank, card issuer, PayPal, or any other payment processor without first contacting Bayresellz directly to resolve the issue is considered a breach of these terms. Doing so may result in:

- Immediate and permanent removal from the Product, group, and all associated content

- A permanent ban from purchasing from this store again
- The chargeback being formally contested with evidence of delivery, access logs, and your acceptance of this policy at the time of purchase
- Any fees or costs incurred as a result of the chargeback being pursued as a debt owed by you

Important: This policy does not, and cannot, legally prevent you from contacting your bank or card provider — that right belongs to you and your financial institution, and their decision is final and outside Bayresellz's control. What this policy does establish is that doing so without first contacting Bayresellz is a violation of the terms you agreed to at checkout, and it gives Bayresellz grounds to formally dispute the chargeback with documented proof of your agreement and of delivery.

4. Proof of Agreement

By completing checkout, you confirm that:

- You have read and understood this policy in full
- You accept that no refund will be issued under any circumstances
- You waive any right to later claim you were unaware of this policy after purchase

5. Support Is Not a Refund

If you experience a technical issue accessing your Product (e.g., a broken link, missing content, or an incorrect file), you must contact support before disputing the charge. Bayresellz will work to resolve genuine access issues promptly. This is a support matter — it is not a refund, and resolving it does not entitle you to one.

6. Contact Us Before Disputing

If you have any concern about your purchase, you must contact Bayresellz support directly before involving your bank or payment provider. Disputes filed without first contacting Bayresellz will be treated as a breach of these terms as described in Section 3.

7. Acknowledgement

By purchasing any Product from Bayresellz, you confirm that you have read, understood, and agree to be bound by this No Refund & No Chargeback Policy in its entirety. You specifically acknowledge and agree that, due to the nature of this Product as a digital good with instant delivery and access, all refund requests, support disputes, and chargebacks will be denied, and you waive any right to claim otherwise after purchase.
