

Refund Policy

Last Updated: August 4, 2026

At J2Trading LLC ("J2Trading," "we," "us," or "our"), we are committed to providing high-quality educational resources, training, and community experiences. This Refund Policy explains the terms regarding purchases, refunds, cancellations, and access to our products and services.

By purchasing any product, service, membership, course, mentorship, or community access offered by J2Trading LLC, you acknowledge and agree to the terms outlined in this Refund Policy.

Digital Product and Educational Service Policy

J2Trading products and services include digital educational materials, online courses, mentorship, coaching, community access, live training sessions, resources, and other digital content.

Because access to our educational materials and community resources is provided immediately after purchase, all sales are considered final once access has been granted.

Due to the nature of digital products and online education, J2Trading LLC does not offer refunds after a customer has received access to any course, membership, community, coaching program, materials, or related services.

By completing a purchase, you acknowledge that you are receiving immediate access to digital resources that cannot be returned.

No Guarantee of Results

J2Trading LLC provides educational content and training designed to help individuals improve their understanding of trading concepts, strategies, discipline, risk management, and market education.

However, we do not guarantee:

- Profits
- Trading success
- Funded account approvals
- Trading consistency
- Specific income levels
- Any specific financial outcome

Your results depend on many factors, including your effort, discipline, experience, risk management, market conditions, and personal application of the material.

Failure to achieve desired results is not grounds for a refund.

Membership and Community Access

Purchasing access to the J2Trading Inner Circle may include access to:

- Educational materials
- Live coaching sessions
- Community channels
- Discord access
- Trading discussions
- Resources and updates

Access is provided as part of your purchase and is not refundable after access has been granted.

J2Trading LLC reserves the right to modify, update, replace, or improve educational materials, community features, schedules, and resources at any time.

Misconduct and Removal of Access

J2Trading LLC reserves the right to revoke, suspend, or terminate access to any product, course, mentorship, community, Discord server, or service if a user engages in misconduct.

Examples of misconduct include, but are not limited to:

- Sharing, leaking, copying, or distributing J2Trading materials

- Selling or redistributing course content
- Sharing private community information
- Harassment, threats, discrimination, or inappropriate behavior
- Spamming or promoting unrelated products/services
- Attempting to damage the reputation or operation of J2Trading
- Fraudulent activity
- Abusing community privileges
- Violating Discord or platform rules

If access is revoked due to misconduct or violation of these terms, the customer will not be entitled to a refund.

Account Sharing

Your J2Trading account, course access, and community access are intended for individual use only.

Sharing login information, allowing another person to use your account, or providing unauthorized access to J2Trading materials may result in immediate termination of access without refund.

Chargebacks and Payment Disputes

By purchasing from J2Trading LLC, you agree to first contact our support team regarding any questions, concerns, or payment issues before initiating a chargeback or payment dispute.

Unauthorized chargebacks, fraudulent disputes, or attempts to reverse payments after receiving access to digital products may result in termination of access and further action if necessary.

Cancellations

If your purchase includes a recurring subscription or membership, you may cancel future payments according to the cancellation process provided through your payment provider or account settings.

Cancellation prevents future charges but does not provide refunds for previous payments or unused access periods.

Exceptions

Refund requests may only be considered in limited circumstances at the sole discretion of J2Trading LLC, including situations involving:

- Duplicate accidental purchases
- Technical issues preventing access that cannot be resolved
- Billing errors

Any approved refund does not establish an obligation to provide refunds in future situations.

Agreement to Terms

By purchasing any J2Trading LLC product or service, you acknowledge that:

- You understand you are purchasing digital educational content.
- You understand access is provided immediately.
- You understand refunds are limited due to the nature of digital products.
- You accept responsibility for your own decisions and results.
- You agree to follow all community and platform rules.

J2Trading LLC reserves the right to enforce this Refund Policy and update these terms when necessary.

Access Restrictions & Misuse

Your purchase grants access only to the mentorship, materials, live sessions, recordings, Daily Trade Recaps, Weekly Trade Recaps, and other content specifically included with your purchased plan.

Accessing, attempting to access, sharing, downloading, distributing, or viewing any mentorship content, Daily Trade Recaps, Weekly Trade Recaps, recordings, or educational materials that are not included in your purchased membership is strictly prohibited. This includes accessing

content from other mentorship groups, future cohorts, previous cohorts, or any restricted materials for which you have not been granted authorization.

If we determine, at our sole discretion, that you have accessed or attempted to access unauthorized content, your account and all associated access may be immediately suspended or permanently revoked without notice. Such violations are considered a material breach of these Terms and are not eligible for any refund, chargeback, credit, or compensation.
