

NTTS — Privacy Policy

Last updated: July 23, 2026

This Privacy Policy describes how **Clickvision Inc, doing business as "The NTTS"** ("NTTS," "we," "us," or "our") collects, uses, and shares information when you use the NTTS website at thennts.com, our mobile app, our Discord community, and related services (collectively, the "Service"). NTTS is a machine-learning options-alert subscription service; it is not a broker-dealer and does not provide personalized investment advice.

1. Information We Collect

- **Account data** — your email address and credentials when you create an account, and profile details you provide.
- **Subscription & billing data** — your subscription status, plan, and transaction records from **Whop**, our payment processor. We do **not** store full payment-card numbers; card data is handled by Whop.
- **Brokerage connection data** — if you choose to connect a brokerage (e.g., Alpaca or Charles Schwab), we store connection identifiers and read trading data (such as positions, orders, and activity) to display them to you. We do **not** store your broker password.
- **Preferences** — alert subscriptions, channel selections, settings, watchlists, and journal entries.
- **Mobile data** — push-notification tokens if you enable alerts, and standard device/app information.
- **Community data** — if you join our Discord community, information associated with your Discord participation is handled by Discord under its own policies.
- **Usage & device data** — log data, IP address, browser/device type, pages viewed, and interactions, collected automatically through cookies, pixels, and similar technologies (see Section 4).
- **Communications** — messages you send to support@thennts.com and marketing preferences.

2. How We Use Information

We use information to:

- authenticate you and provide, maintain, and secure the Service;
- display your linked brokerage data and deliver the alerts and features you opt into;
- process subscriptions and billing through Whop;
- send transactional messages (e.g., account, billing, and support) and, where permitted, marketing communications;
- measure and improve our product, models, and content; and
- comply with legal obligations and enforce our Terms.

3. How We Share Information

We share information only as needed to run the Service:

- **Service providers / processors** under contract, including **Whop** (billing/payments), **Supabase** (hosting and data storage), **Discord** (community delivery), market-data providers, push-notification providers, email/marketing providers, and analytics/advertising providers.
- **Brokerages** you choose to connect, to enable connection and display of your data. Custody of your funds and securities always remains with your broker.
- **Legal and safety** — when required by law, to respond to lawful requests, or to protect the rights, safety, and property of NTTS, our users, or others.
- **Business transfers** — in connection with a merger, acquisition, or sale of assets, subject to this Policy.

We do not sell your personal information for money. Note that some privacy laws define "sale" or "sharing" broadly to include certain advertising cookie/pixel activity; where that applies, see Section 4 (cookies/pixels) and Section 7 (Do Not Sell or Share) for your choices.

4. Cookies, Pixels & Advertising

The Service uses cookies, web beacons, and pixels — including third-party advertising and analytics pixels such as the **Meta (Facebook) pixel, TikTok pixel, and similar tools** — to operate the site, measure performance, and support our advertising and marketing campaigns. These technologies may allow the relevant advertising platforms to receive information about your visits and to help us reach and measure audiences.

You can control cookies through your browser settings and can often opt out of interest-based advertising through the advertising platforms' own settings or industry opt-out pages. See Section 7 for how to exercise "Do Not Sell or Share" rights.

We do not currently present a cookie-consent banner. If and when we begin targeting regions that require one (for example, the EU or UK), we will provide an appropriate consent-management tool at that time.

5. Email Marketing

If you opt in or where otherwise permitted, we may send marketing emails about NTTS features, offers, and content. **You can unsubscribe at any time** using the link in any marketing email or by emailing support@thennts.com. We will still send necessary transactional messages (billing, account, and support) even if you opt out of marketing.

6. Your Choices & Rights

- **Notifications** — manage push and alert notifications in app Settings.
- **Brokerage** — disconnect a connected broker at any time.
- **Marketing** — unsubscribe from marketing emails as described above.
- **Access, correction, deletion** — you may request access to, correction of, or deletion of your personal information by emailing support@thennts.com. Depending on where you live, you may have additional rights (for example, to portability or to object to certain processing) under laws such as the GDPR or CCPA/CPRA. We will respond as required by applicable law and may need to verify your identity.

7. Do Not Sell or Share My Personal Information

We do not sell your personal information for money. However, our use of third-party advertising and analytics pixels — such as the **Meta (Facebook) pixel and TikTok pixel** — may be considered a "sale" or "share" of personal information under California and certain other U.S. state privacy laws, because those technologies transmit identifiers and activity data to the advertising platforms for cross-context behavioral advertising.

If you are a resident of a state that grants this right, you can opt out of such "sale" or "sharing":

- Email **support@thennts.com** with the subject "Do Not Sell or Share" and the email associated with your account, and we will apply an opt-out.
- Where required, we honor browser-based opt-out preference signals, including the **Global Privacy Control (GPC)**, as a valid opt-out request for the browser or device that sends it.

You will not receive discriminatory treatment for exercising these rights.

8. Data Retention

We retain personal information for as long as your account is active and as needed to provide the Service, then for a reasonable period thereafter to comply with legal, tax, accounting, and dispute-resolution obligations, after which we delete or anonymize it.

9. Security

We use encryption in transit (HTTPS/TLS) and access controls on our systems to protect information. No method of transmission or storage is completely secure, and we cannot guarantee absolute security.

10. Children's Privacy

The Service is intended for adults (18+) and is not directed to children. We do not knowingly collect personal information from children. If you believe a child has provided us information, contact support@thennts.com and we will delete it.

11. International Users

The Service is operated from the United States, and your information may be processed in the U.S. and other countries where our providers operate. Data-protection laws in those countries may differ from those in your location.

12. Changes to This Policy

We may update this Policy from time to time. Material changes will be posted here with a new "Last updated" date. Your continued use of the Service after changes take effect constitutes acceptance.
