

NTTS — Terms of Service

Last updated: July 23, 2026

These Terms of Service ("Terms") govern your access to and use of the NTTS website at then tts.com, the NTTS mobile application, the NTTS Discord community, model-generated options alerts, and all related software and services (collectively, the "Service"). The Service is operated by **Clickvision Inc, doing business as "The NTTS"** ("NTTS," "we," "us," or "our"). By creating an account, subscribing, joining our Discord, or otherwise using the Service, you agree to these Terms. **If you do not agree, do not use the Service.**

1. What NTTS Is (and Isn't)

NTTS is a machine-learning options-alert subscription service. Our software scores options contracts and posts alerts — typically including an entry reference, target, chart, and timestamp — along with related decision-support and research tools such as charts, an options chain, and trade analytics. Alerts and tools are delivered through our Discord community, the NTTS web app, and the NTTS mobile app.

NTTS is not a broker-dealer, investment adviser, or financial planner, and does not provide personalized investment advice. Nothing in the Service is an offer, solicitation, or recommendation to buy or sell any security or to adopt any trading strategy. All content — including alerts, model outputs, targets, hit-rates, and backtests — is provided for **informational and educational purposes only**.

You are solely and fully responsible for your own trading decisions and your own due diligence. Any decision to enter, size, hold, or exit a trade is yours alone. You should independently research and verify any information before acting on it, and you should consult a licensed professional about your individual circumstances. NTTS does not know your financial situation, risk tolerance, or objectives, and nothing in the Service is tailored to you.

2. Eligibility & Accounts

You must be at least 18 years old and able to form a binding contract to use the Service. You agree to provide accurate account information and to keep it current. You are responsible for maintaining the confidentiality of your credentials and for all activity that occurs under your account. Notify us promptly at support@then tts.com of any unauthorized use of your account.

3. Brokerage Connections & Trading

The Service optionally lets you connect your own brokerage account (for example, Alpaca or Charles Schwab) using your own credentials. **Your brokerage — not NTTS — holds custody of your funds and securities and executes your orders.** NTTS does not take custody of your assets and is not a party to your brokerage relationship.

You are solely responsible for every order you place, including any order initiated or informed through the Service. Market data displayed in the Service may be delayed, incomplete, or inaccurate; always verify prices and contract details with your broker before trading.

4. Risk Disclosure

Trading securities — and options in particular — involves a high degree of risk and may result in the loss of your entire investment or more. Options can expire worthless, and complex or leveraged strategies can lose money rapidly.

Past performance and any model outputs, targets, hit-rates, alerts, or backtests are **not indicative of future results**. Model outputs may be wrong, delayed, or based on incomplete data. You should trade only with capital you can afford to lose, and you should consider seeking advice from a licensed financial professional who understands your individual circumstances before acting on any information from the Service.

5. Subscriptions & Billing

Paid plans are offered and billed through **Whop** (whop.com), which acts as the merchant of record and payment processor for the Service. Your subscription, renewal terms, and cancellation rights are governed by your purchase through Whop and by these Terms.

Current plan offerings include:

- **Starter** — \$49/month
- **All-Access** — \$129/month
- **Founding** — \$79/month
- **14-Day Trial** — \$19, which automatically converts to an All-Access subscription (\$129/month) unless you cancel before the trial period ends. **The \$19 trial fee is non-refundable.** Cancel before the 14-day trial ends to avoid the \$129 All-Access charge.

Prices and plan features may change; any changes will apply to future billing periods. You can cancel at any time from your dashboard. When you cancel, future billing stops and your access continues until the end of the paid period. Refunds — including the first-month runner guarantee — are governed by our **Return/Refund Policy** and are processed through Whop. The mobile app itself is provided free of charge; paid features are billed through Whop, not through in-app purchase.

6. Alerts & Licensed Content

Alerts, scores, charts, analytics, and other content delivered through the Service are the licensed intellectual property of NTTS and are provided for your personal use only. You may not redistribute, resell, republish, broadcast, or share alerts or data with non-subscribers, whether for free or for compensation. See Section 8 (Intellectual Property) and the NTTS End User License Agreement (EULA) for additional terms governing the software and content.

7. Acceptable Use

You agree not to misuse the Service. Without limitation, you will not:

- reverse-engineer, decompile, or attempt to derive the source code or models behind the Service;
- scrape, harvest, or use automated means to access or copy the Service or its data;
- resell, redistribute, or commercially exploit alerts, data, or access;
- interfere with, disrupt, or place undue load on the Service or its infrastructure;
- circumvent access controls, share subscriber access with others, or use the Service to violate any law or the rules of any exchange or broker; or
- harass, abuse, impersonate, or post unlawful or infringing content in the Discord community or elsewhere in the Service.

We may remove content and suspend or terminate access for conduct that violates this Section.

8. Intellectual Property

The Service — including its software, machine-learning models, alerts, content, and the NTTS name and logo — is owned by NTTS and protected by copyright, trademark, and other laws. © 2026 NTTS. All rights reserved. Subject to these Terms, we grant you a limited, non-exclusive, non-transferable, revocable license to access and use the Service for your personal, non-commercial use. All rights not expressly granted are reserved.

9. Third-Party Services

The Service relies on and integrates with third parties, including Whop (billing), Supabase (hosting/data), Discord (community delivery), market-data providers, and brokerages you choose to connect. Your use of those services may be subject to their own terms and policies. NTTS is not responsible for the acts, omissions, availability, or content of third-party services.

10. Disclaimers & Limitation of Liability

The Service is provided "as is" and "as available," without warranties of any kind, express or implied, including any implied warranties of merchantability, fitness for a particular purpose, accuracy, or non-infringement. We do not warrant that the Service will be uninterrupted, timely, secure, or error-free, or that alerts or data will be accurate or profitable.

To the maximum extent permitted by law, NTTS and its officers, employees, and providers are **not liable for any indirect, incidental, special, consequential, or punitive damages, or for any trading or investment losses**, arising from or related to your use of (or inability to use) the Service, even if advised of the possibility of such damages. To the maximum extent permitted by law, our total aggregate liability for any claim relating to the Service will not exceed the amount you paid to us (via Whop) in the twelve months preceding the event giving rise to the claim. Securities brokerage is provided by third parties; NTTS is not responsible for their acts or omissions.

11. Indemnification

You agree to indemnify and hold harmless NTTS and its officers, employees, and providers from any claims, losses, liabilities, and expenses (including reasonable attorneys' fees) arising out of your use of the Service, your trading activity, your violation of these Terms, or your violation of any law or third-party right.

12. Governing Law & Venue

These Terms are governed by the laws of the **State of Alabama**, without regard to its conflict-of-laws rules. You agree that any dispute arising out of or relating to these Terms or the Service will be brought exclusively in the state or federal courts located in Alabama, and you consent to the personal jurisdiction of those courts.

Reminder: you are solely responsible for your own trading decisions and due diligence. The Service is informational and educational only and is not investment advice; NTTS is not a broker-dealer, investment adviser, or financial planner. Nothing in this Section or these Terms creates any advisory, fiduciary, or brokerage relationship between you and NTTS.

13. Termination & Changes

We may suspend or terminate your access for any violation of these Terms or for conduct we reasonably believe is harmful to the Service or other users. You may stop using the Service at any time and cancel your subscription as described in Section 5. We may update these Terms; material changes will be posted with a new "Last updated" date, and your continued use of the Service after changes take effect constitutes acceptance.

14. Apple App Store

If you download the NTTS app from the Apple App Store, your use is also subject to Apple's [Licensed Application End User License Agreement](#). Apple is not responsible for the app or its content and is a third-party beneficiary of these Terms with the right to enforce them.
