## 8. Trading Risk Disclaimer

Trading foreign exchange, cryptocurrencies, indices, and commodities carries a high level of risk and may not be suitable for all investors. You could lose some or all of your invested capital. Past performance of any signal, strategy, or system is not indicative of future results.

OXY ALGO's signals are generated by automated systems and AI models. No automated system can guarantee profits. You should:

- Never trade with money you cannot afford to lose
- Consult a qualified financial advisor before making trading decisions
- Understand that you are solely responsible for your own trading decisions and outcomes
- Recognize that market conditions can change rapidly and without warning

OXY ALGO is not responsible for any trading losses you incur. Signals are informational tools, not trade instructions.
