The past performance of any trading system or methodology is not necessarily indicative of future results. You must clearly understand this: Information contained here and in the signal service is not an invitation to trade any specific investments. Trading requires risking money in pursuit of future gain. That is your decision. Do not risk any money you cannot afford to lose. This document does not take into account your own individual financial and personal circumstances. It is intended for educational purposes only and NOT as individual investment advice. Do not act on this without advice from your investment professional who will verify what is suitable for your particular needs and circumstances. Failure to seek detailed professional, personally tailored advice prior to acting could lead you to acting contrary to your own best interests and could lead to losses of capital.

CFTC RULE 4.41 – Terms of Service

SIMULATED PERFORMANCE RESULTS HAVE CERTAIN LIMITATIONS – UNLIKE AN ACTUAL PERFORMANCE RECORD, SIMULATED RESULTS DO NOT REPRESENT ACTUAL TRADING. IN ADDITION, SINCE THE TRADES HAVE NOT BEEN EXECUTED, THE RESULTS MAY HAVE UNDER-OR OVER COMPENSATED FOR THE IMPACT OF ANY OF THE CERTAIN MARKET FACTORS, SUCH AS LACK OF LIQUIDITY. SIMULATED TRADING PROGRAMS IN GENERAL ARE ALSO SUBJECT TO THE FACT THAT THEY ARE DESIGNED WITH THE BENEFIT OF HINDSIGHT. NO REPRESENTATION IS BEING MADE THAT ANY ACCOUNT WILL MAKE PROFITS SHOWN ON RESULTS PAGES. Please always remember our signals are for you to learn how to trade on a Demo Account only. Any signals and information provided by us are purely for information purposes and is not deemed as advice to trade. It is important to note that there is a risk of loss in all stock market trading and should only be undertaken if you can afford to lose some or all of your investment. Past performance is not indicative of future results. Signals can take the form of opening, closing, and intra-day information. There are no guarantees as to the actual number of signals received and the time in the month when they are sent. Trading foreign currencies is a challenging and potentially profitable opportunity for educated and experienced investors. However, before deciding to participate in the Forex market, you should carefully consider your investment objectives, level of experience and risk appetite. Most importantly, do not invest money you cannot afford to lose.

Hypothetical and/or Informational performance results have many limitations. No representation is being made that they will or likely achieve profits and/or losses similar to those shown on the website. Actually, there are frequently sharp differences between hypothetical and/or Informational performance results & the actual results achieved by our trading program. One of the limitations of hypothetical and/or Informational performance results is that they are prepared with the benefit of hindsight. Also Informational and/or hypothetical trading does not involve financial risk whatsoever, and no hypothetical and or Informational trading record can completely account for the result of financial risk in actual trading as our signals are for demo accounts only. To withstand losses to a particular trading program trading losses are informational points which also adversely affect trading results as they are informational and manually inputted only. Many other factors related to the markets & any other implementation of any specific trading program which will not be fully accounted for in the preparation of informational & hypothetical performance results and all of which can adversely affect actual trading results. By Subscribing you are abiding by our terms and conditions fully. All Trading Systems offered are for Educational & Informational Purposes only here and on any affiliate sites

Identify the Risk – Terms of Service

It should be understood that Currency trading involves high risk and you can lose a lot of money. There is always a relationship between high reward and high risk. Any type of market or trade speculation that can yield an unusually high return on investment is subject to unusually high risk. Only surplus funds should be placed at risk and anyone who does not have such funds should not participate in trading foreign currencies. Currency trading is not suitable for everyone. It is essential that a Demo simulator account is first used THOROUGHLY before commencing with a Live Online Forex account. The services offered and contained on this website and through FxPremiere.com or www.fx-premiere.com is strictly for the use by traders with EXCESS RISK CAPITAL and who are fully aware of the inherent risks involved in Forex trading. The high degree of volatility within the foreign exchange market, and the ability to leverage your position means that losses can be quick and significant. FCA, NFA and CTFC Required Disclaimers: Trading in the Foreign Exchange market is a challenging opportunity where above average returns are available for educated and experienced investors who are willing to take above average risk. However, before deciding to participate in Foreign Exchange (FX) trading, you should carefully consider your investment objectives, level of experience and risk appetite. Do not invest money you cannot afford to lose. Hypothetical and/or Informational performance results have many limitations. Norepresentation is being made that they will or likely achieve profits and/or losses similar to those shown on the website. Actually, there are frequently sharp differences between hypothetical and/or Informational performance results & the actual results achieved by our trading program. One of the limitations of hypothetical and/or Informational performance results is that they are prepared with the benefit of hindsight. Also Informational and/or hypothetical trading does not involve financial risk whatsoever, and no hypothetical and or Informational trading record can completely account for the result of financial risk in actual trading as our signals are for demo accounts only.
