📄 Refund / No-Refund Policy (MOASS + GabeTrades + Trade 13/48)

Refund Policy — Digital Goods & Subscription Access

MOASS (Machine-Operated Algorithmic Scalping System) is an educational digital product delivered immediately upon purchase.
Because access to tools, scripts, data, and educational resources is granted instantly, **all sales are final.**

By purchasing MOASS, the User acknowledges and agrees that:

1. **No refunds** will be issued under any circumstance, including but not limited to:

   ° Trading losses

   ° Missed signals or downtime

   ° Dissatisfaction with results or performance

   ° Change of mind after purchase

   ° Incorrect configuration or user error

   ° Market behavior or volatility

   ° Expectations not met

2. Cancellation of a subscription only stops **future billing** — it does not generate retroactive refunds.

3. If access is revoked due to:

   ° misuse

   ° account sharing

   ° intellectual property violations

   ° piracy, duplication, scraping

   ° malicious use or breach of Terms
   no refund will be provided.

4. In the event of technical outages or third-party platform downtime (TradingView, brokers, APIs, servers, internet, etc.), **no compensation or refund is owed.**

5. Any promotional, trial, or discount pricing is also non-refundable.

Summary:

Because MOASS is a digital, instantly accessible educational product, **all purchases are final and non-refundable.**
