

## REFUND POLICY

Last Updated: February 2026

All products and services offered by Trend Fusion Algo are digital products. By purchasing any product or service, you acknowledge and agree to this Refund Policy.

Because our products include proprietary software, digital access, automation systems, mentorship, and educational materials, all sales are considered final unless specifically stated otherwise below.

---

### 1. Automated Trading System (ORB Automation and Profit Lock Automation)

The Trend Fusion Automated Trading System is a one-time digital purchase.

Once access has been granted, no refunds will be issued under any circumstances.

This includes but is not limited to:

- Change of mind
- User error or misconfiguration
- Trading losses
- Prop firm rule violations
- Account suspensions
- Payout denials
- Perceived performance dissatisfaction

Access to the Automated Trading System constitutes delivery of proprietary digital software. Upon delivery, the sale is final.

### 2. Mentorship Programs

All mentorship programs, including one-on-one and group mentorship, are non-refundable.

Due to the nature of educational delivery, digital materials, recorded sessions, live instruction, and proprietary frameworks, all mentorship sales are final once purchased.

No refunds will be granted for:

- Partial participation
- Failure to attend live sessions
- Dissatisfaction with performance

- Trading results
  - Personal circumstances
- 

### 3. Subscription Products

Subscription products may include:

- Indicator subscriptions
- Discord trade alert subscriptions
- Monthly or quarterly access products

#### Monthly and Quarterly Subscriptions

Subscriptions automatically renew unless canceled prior to the billing date.

Refunds are only available within three (3) days after the end of a free trial period, and only if the user forgot to cancel prior to billing.

No refunds will be issued beyond this three-day window.

#### Lifetime Subscriptions

Lifetime access products are one-time purchases and are not subscriptions.

Lifetime access is clearly defined as a single payment that grants long-term access to the product for the operational life of the product. It does not guarantee access beyond the operational lifespan of the product or company.

Lifetime purchases are non-refundable under all circumstances.

---

### 4. Monthly, Quarterly, and Lifetime Algo Subscriptions

Monthly, quarterly, and lifetime indicator subscriptions are non-refundable once charged.

It is the sole responsibility of the user to cancel prior to renewal.

Failure to cancel before renewal does not qualify for a refund outside the limited three-day post-trial window described above.

- You are financially stable

Trend Fusion Algo reserves the right to:

- Immediately terminate access to all products and services
