

## **1. Introduction & Voluntary Purchase**

These Community Transaction Terms (“Transaction Terms”) constitute a binding, enforceable legal agreement between the Community Owner/Admin (“Admin”) and any purchaser, subscriber, or user (“Member”).

By purchasing, subscribing to, accessing, or continuing to access the community, the Member confirms that:

- The purchase is made voluntarily
- No person or entity has forced, pressured, or coerced them to buy
- The Member understands they are purchasing a paid digital product and community access

The Member knowingly, voluntarily, and irrevocably agrees to be bound by these Transaction Terms in full, without limitation or exception.

Failure to read or understand these terms does not exempt the Member from being legally bound.

## **2. Applicability & Priority**

These Transaction Terms apply to every transaction, access, renewal, interaction, and use of the community and supersede any prior, contemporaneous, or future communications, representations, or understandings—whether written, oral, implied, or assumed—proposed by the Member.

These Transaction Terms apply in addition to Whop’s Terms of Service and Privacy Policy.

In the event of any inconsistency or conflict, these Transaction Terms govern exclusively with respect to the Admin–Member relationship.

The Member expressly waives any right to rely on external statements or expectations outside these terms.

### **3. Parties**

The sole and exclusive parties to this agreement are the Admin and the Member.

Whop Technologies, Inc.:

- Is not a party to this agreement
- Does not create, manage, or control the community or its content
- Bears no responsibility or liability related to the community

Whop functions solely as a platform and payment intermediary.

### **4. Definitions**

- “Platform” means Whop and its affiliated services
- “Content” includes all posts, messages, newsletters, videos, audio, calls, recordings, files, documents, resources, and materials shared within the community
- “Admin” means the owner/operator of the community

- “Member” means any individual or entity that purchases or accesses the community
- “Subscription” means any recurring paid membership
- “Member Payment” means any payment made for access, whether one-time or recurring

## **5. Nature of the Digital Product & Delivery**

The community, newsletter, and all related materials constitute a digital product.

Once payment is completed and access is granted:

- The digital product is deemed delivered in full
- The service is considered fully fulfilled
- The Member is considered an active member

Access alone constitutes use and consumption, regardless of engagement level.

## **6. Payments & Subscriptions**

a. The Member agrees to pay the price displayed at checkout without condition or reservation.

b. All prices are displayed in USD unless otherwise stated.

c. Subscriptions automatically renew unless canceled prior to the billing date.

d. Cancellation only prevents future charges and does not entitle the Member to any refund, credit, or adjustment.

e. The Member irrevocably authorizes Whop and its payment processors to charge the selected payment method for all applicable fees, renewals, and taxes.

Failure to cancel a subscription is solely the Member's responsibility and does not justify refunds or disputes.

## **7. No Refund Policy (Absolute & Final)**

All sales are final from the moment of purchase.

- No refunds are issued under any circumstances
- No refunds for forgotten cancellations
- No refunds for dissatisfaction, inactivity, misunderstanding, or expectations

By purchasing, the Member permanently waives any right to:

- Refunds
- Chargebacks
- Payment reversals
- Credits or partial reimbursements

## **8. Chargebacks & Payment Disputes**

The Member explicitly agrees not to initiate any chargeback, dispute, or payment reversal.

Any chargeback or dispute is considered:

- Unauthorized
- Abusive
- A material breach of contract

All disputes will be actively contested using access logs, usage data, platform records, and proof of agreement.

Chargeback abuse may result in:

- Immediate and permanent termination of access
- Forfeiture of all benefits
- Permanent removal from the community
- No refund or reinstatement

## **9. License to Community Content**

The Member is granted a limited, revocable, non-exclusive, non-transferable license to access the content strictly for personal, non-commercial use.

The Member may not:

- Copy, distribute, resell, or reproduce content

- Share login access
- Use content for commercial purposes

Violations may result in immediate termination and legal action.

## **10. Termination of Access**

The Admin reserves the absolute and unilateral right to suspend or terminate access at any time, without notice or refund, for any reason, including but not limited to:

- Chargebacks or disputes
- Rule violations
- Fraud, abuse, or misuse
- Platform account restrictions

Termination does not eliminate payment obligations.

## **11. Community Rules & Conduct**

Members must behave respectfully.

Harassment, spam, disruption, or harmful behavior will result in removal without refund.

## **12. Educational & Entertainment Disclaimer**

All content is provided solely for educational and entertainment purposes.

- Content reflects opinions and general information
- Information may change over time
- Content may not apply equally in all locations or situations

Nothing constitutes professional advice.

### **13. No Guarantees & Assumption of Risk**

The Admin makes no guarantees regarding results, income, or outcomes.

The Member assumes all risk related to the use or interpretation of content.

### **14. Limitation of Liability**

To the maximum extent permitted by law:

- The Admin is not liable for any damages
- Maximum liability shall never exceed the amount paid

### **15. Agreement & Final Acknowledgment**

By purchasing or accessing the community, the Member:

- Confirms voluntary purchase
- Accepts the no-refund policy
- Agrees to all terms above
- Acknowledges these Terms constitute the entire agreement
